

SMALL SIDE SHOW OF TOM JOHNSON'S SINGULAR CIRCUS

Democratic Convention at Alliance Slimly Attended—Outlook For Duffy's Nomination Not Bright.

Alliance, September 16.—(Special)—The Eighteenth Ohio congressional district side show to Tom Johnson's circus exhibited here today to a small audience. In other words, the Democratic congressional convention met to consider the congressional situation.

The convention opened at 11:55 o'clock in the opera house. There was at that time 67 delegates present. Thirty were from Columbiana county and an equal number from Stark county, and seven present were from Mahoning. S. L. Clark, of Youngstown, chairman of the Democratic congressional committee of this district, opened the convention with a speech. He denounced the Salem convention which nominated Kennedy as being dominated by the money power. He

said the convention was not a representative one; in fact, that hush money was in evidence by the thousands. He spoke for 15 minutes and then named James A. Wright, of Canton, to be temporary chairman of the convention. Mr. Wright took the president's chair, and stated that he desired to make a short speech. He mentioned Mayor Johnson's name, which brought forth applause. He said 16 to 1 was not an issue this year, but that the Republican party failed to meet the Democrats on the question of the hour; had to pick issues from the tomb. He stated that taxation is the dominant issue in Ohio today.

He claimed that the Labor convention held in Alliance recently was a mistake, and urged that there be a

A DOUBLE TRACK TO ROCHESTER

Aim of the C. & P. to Complete the Work as Soon as Possible.

It is now a settled fact that the Cleveland & Pittsburgh railroad is to be double tracked from Wellsville to Rochester, and just as soon as possible the work is to be done.

This was the statement of an official of the Cleveland & Pittsburgh to a reporter for the News Review this morning. It was also stated that the contract for the laying of the rails had been let, and as the company does most of the grading itself it could not doubt be done quicker than if placed in the hands of a contractor. It was stated at the same time that it was the intention of the company to have the road double-tracked by April next, and as a part of the road between this city and Rochester is already double-tracked, or at least long switches are laid, the work in not going to be such a task as one would suppose.

Work on widening the bridge near

the Golding Flint mill is progressing rapidly, and the making of the concrete foundation for the stone abutment on the east side of the bridge was completed yesterday. Everything is now in readiness to commence the laying of the stones.

Last Saturday afternoon one of the old fashioned Ft. Wayne engines, No. 182, was in use at this bridge, and a sight it was. It attracted more attention than the most up-to-date engine on the road would, because of its antiquity. This engine could be placed inside of one of the large "crucifers" now in use on the Cleveland & Pittsburgh road, and it would never be noticed. The engine was placed at the disposal of the contractors, to be used for shifting purposes, and by so doing the company is saving its regular shifting engines for other yard work.

CHAFINVILLE MAN HAD HIS TROUBLES

Had a Couple of Small Boys Arrested Because They Pelted Him With Tomatoes.

BACK TO HIS NATIVE HILLS

The Mayor Advises Him to Go And Cease Playing With Children—Woman Who Was Called a Hen Wants Tormenters Arrested.

Chafinville broke loose at the city hall again this morning. Those who appeared before the mayor from that district were Hugh Kane, J. D. McMurray, Andy Fisher, Clemens Demmerling and Mrs. Barbara Demmerling.

Kane, it seems, was on the war path last Saturday night and finally met trouble. He engaged in a lively fist with an unknown fellow who is now in hiding among his friends in Kentucky, and who got a little the best of the scrap. The mayor decided that Kane was the aggressor and fined him \$5.00.

McMurray is a long, skinny individual hailing from Jackson county, W. Va. He is 21 years of age, but certainly does not show that many years of battling in the big world by his actions. Little boys are his chosen companions. He evidently chooses them because of the sport he can have at their expense. While preparing his toilet for supper at the home of William Wolf he was struck on the side of the head with a soft tomato. He thrust his head and shoulder out of the window to ascertain whence came the missile. He is now sorry that

he did. Almost instantaneously his face was spattered with another fusillade. Blinded with the decayed juice he fell backward on the floor. Recovering he ran down stairs and found that Demmerling and Fisher, neither of whom is more than 10 years of age, had thrown the tomatoes. A fierce battle was then instituted, and before it was squelched many families had got their feet in it. Each of the trio got \$1.85.

The mayor severely reprimanded all, but he dealt more upon the case of McMurray, telling that man that he had better find his way back to the West Virginia hills. "That is where such people as you belong," said he. "There is a certain class of you immigrants that know nothing about civilization, and it seems to be that you will never learn. Yes, young man, you had better pack up and get back."

Mrs. Demmerling was not in court to answer to a charge. She simply had a complaint to register. "I tell you, mayor, these people from 'down yander' are the worst I ever saw. They had insulted me time and again. Every time I go past a certain house up there some one yells: 'Hello, there, old clucking hen.' I cannot stand it, if it please your honor, and I want something done."

She was told to get witnesses and then a warrant would be issued.

A PLEASANT TRIP

Had the Sons of Veterans Who Went To East Palestine Last Night.

Four carriage loads of young men, members of Gen. Garfield camp, No. 3, Sons of Veterans, paid a fraternal visit to the camp at East Palestine last night, and had a most enjoyable time. A number of brief addresses were made and the evening until midnight was pleasantly spent.

While in session last night the East Palestine camp pledged its undivided support to J. J. Rose, of this city, for election commander next year.

OFFICERS SEEK FOR GEO. MAYES

He Is As Much Wanted As Albert McIntosh For the Part He Took

IN GRIM'S BRIDGE FIGHT

Constable Has Followed Several Clues But Has Been Unable to Locate Him—City Officers Now Requested to Aid in the Search.

Albert McIntosh, the young man charged with the cutting of Albert Thompson in the fight following the dance given at Grim's bridge on Saturday night, September 6, is not the only man implicated in the melee that is a fugitive from justice.

While it is not generally known—in fact, is known only to a select few—George Mayes is and has been wanted almost as badly as McIntosh. Mayes is the fellow that pointed the gun directed at Frank Crawford and fired, the bullet passing within an ace of Crawford's head.

At the same time that a warrant was issued for McIntosh one was also issued for Mayes, charging him with shooting with intent to kill. Both warrants were placed in the hands of Constable Gill and he has been on the search of both men, looking for one as ardently as for the other.

Upon several occasions the constable has been on a close track of Mayes, but the fugitive has foiled him in his every attempt. Last Saturday night a brother of Crawford informed Gill that Mayes was in the city and directed him to the spot where the accused was in hiding. The officer went immediately to the place, but found that his bird had flown only a minute before-hand.

For reasons best known to himself the constable has kept the matter to himself, but since an order issued by Prosecuting Attorney Brookes this morning the story has gained circulation. Attorney Brookes has been in possession of the facts for several days and has been patiently waiting for either of the fugitives to turn up.

CODE COMMITTEE DOWN TO WORK

Talking the Nash Code as a Basis the Body Is Busily Engaged.

THE ONE-MAN BOARD PLAN

Is Finally Decided Upon as Best—Out-And-Out Home Rule Scheme Voted Down—A Variety of Interesting Problems Considered.

From a Staff Correspondent.

Columbus, September 16.—The house code committee began work in earnest yesterday. The Nash code was adopted as a working basis, it being understood this action would not bind the members. After it had been adopted the board plan it provided for was rejected. Instead the plan of having one-man boards was agreed upon. By this cities will have a mayor, a council, a director of law, a director of accounts, a director of public works and a director of public safety.

The proposition to give cities out-and-out home rule was voted down when the motion providing for municipal conventions was killed. The Republicans declared it was unconstitutional.

A board of educational matter was laid over by the committee. A special committee will investigate and report what should be done. It is believed the school law will be changed but little.

The question of the redistricting of cities by council was taken up, but was not settled. A proposition that boards of election redistrict when councils fail was referred to a special committee.

The question of compensation for councilmen came up, and it was suggested that it would be unwise to permit councils to fix their own salaries. A special committee will consider and report on the matter.

In the matter of the appointment of officers by council, the board of health matter was raised. The Nash code was amended to meet the opinions of the members that there should be a board of health in each city. Later the committee will provide for boards of health as they now exist.

PAINTED A BOY BLACK AND WERE FINED FOR IT

Charged with assault and battery, that being the only head under which the charge could be made, John Hanselman, aged 19 years, and William Haney, aged 17 years, both employed in the packing shed at the Globe pottery, were arraigned before 'Squire McCarron, in the presence of 15 interested ones last evening.

After hearing the evidence against them they pleaded guilty and each was fined \$2 and costs. They escaped luckily. Before dismissing them the 'squire warned them that if they are ever brought before him on a similar charge he will suspend sentence and give the court at Lisbon a chance to meet out justice in their cases. That would mean at least \$25 and 30 days to the works.

Mrs. Dora Martin had the warrant issued for the arrest of the fellows.

Her six-year-old son Richard struggled home at noon on last Saturday. He was suffering much pain and crying piteously. When the mother asked him as to the cause of his wailings he replied that two boys had seized him; hustled him off to the packing department of the Globe pottery and there applied black paint to his body, disfiguring it to such an extent that he was no longer a white boy, but a real African. "And, mamma, it hurts me awfully, too," said the boy.

Mrs. Martin's ire was aroused. She did not wait to ponder over the case. Her boy had been treated like an Indian warrior and the law she must have. Into 'Squire McCarron's court she ran. She told the court in detail the cause of her coming. Warrants were issued and the painters arrested by Constable Gill.

LOST HIS POSITION BECAUSE HE PRAYED TOO LOUD AND LONG

How a Young Man of a Deeply Religious Turn Came to Be Discharged By His Boss.

Glenn Gilliland, a young man of 19 years, was discharged yesterday from the packing department of the Brunt Porcelain works, which is in charge of Boss Packer De la Vallerie.

It is alleged that he was discharged because he was too religious and had a habit of devoting a portion of the noon hour to prayer.

Gilliland is a faithful, conscientious and consistent worker in the Free Methodist church of this city, and when the pastor, Rev. J. W. Howard, was apprised of the facts in the case he became indignant. To a reporter this morning the minister said:

"The potteries allow loud swearing and other outbursts of vile language to be uttered in the works, but when this young man attempted to devote himself to prayer a protest was raised and he was discharged. It is an outrage. The whole world admires a man who will stand up for his religion and confess Christ openly."

The boss packer when interviewed acknowledged that he had discharged Gilliland and gave his side of the story as follows:

"Gilliland applied to me for work about a month ago. I liked his gen-

eral appearance and hired him. He started in with a hearty good will and for a few days worked very hard. Near the end of the first week I noticed that he, instead of applying his time wholly to his work, devoted many minutes to deep thought. A few days later it became apparent to me what his actions meant. He was laboring under the pressure of too much religion.

"At times when he should have been at work he interrupted other employes in asking them of their spiritual condition. I knew that this could not be tolerated and told him, upon entering the shop, to leave his religion at the door; attend faithfully to his work during the day and at night outside do as he pleased. He replied that his religion was more to him than his work.

"Shortly afterwards at the noon hour he would hie away to the garret and for fully thirty minutes would engage in most fervent prayers. He prayed loud and long. His voice could be heard a block away. This he continued every noon until, after warning him numerous times, I could stand it no longer and ordered him to go to the office after the money due him.

FOR OHIO RIVER IMPROVEMENTS

The Movement, Popular and Promising, Attracting Much Attention.

Agitation for the slackwater of the Ohio river continues with a persistence which cannot fail to bring the success it merits. John G. Wallace, connected with the Merchant and Manufacturer, a Cincinnati publication, arrived in the city this morning, and is busily getting data and interviewing prominent men. It is the intention of the Cincinnati people to go into the convention soon to be held at Parkersburg prepared to furnish all the information that it is possible to obtain, relative to the advantages of a system

of dams in the Ohio to the manufacturer and business man.

Secretary Wilson, of the association has called the convention for Oct. 11th and 12 and the most important point just now is to have representatives present at that meeting from every city, village and hamlet not only directly bordering upon the Ohio river, but from territory for miles inland.

East Liverpool is looked upon by all who have interested themselves so far as being one of several cities where

KENNEDY A FRIEND OF WORKINGMEN

His Hostility to Corporations Well Known and Has Cost Him Much.

HIS RECORD AN OPEN ONE

All His Life He Has Been on the Side of Men Who Toil—A Story About a Resolution That Is Strenuously Denied.

James Kennedy, the Republican candidate for congress in this district, has again placed himself on record regarding labor and its interests. The position he takes in the interview which was published in a Democratic paper, the Alliance Leader, is the same that he has occupied for years.

Mr. Kennedy was at Alliance to attend the funeral of the late W. H. Phelps, who before the Salem convention was one of Mr. Kennedy's opponents for the nomination for congress. A reporter of the Alliance Leader told Mr. Kennedy that T. J. Duffy, a candidate for congress, claimed to be endorsed to some extent by labor unions. Mr. Kennedy was surprised at this.

"I had supposed," said Mr. Kennedy, "when I was nominated, that if there was to be any organized opposition outside the political parties to my candidacy it would come from the corporations. I had supposed that every one knew of the war I had waged against corporations and corporation influence, in the courts, in the press,

WITH THE WORKMEN IN THE CLAY PLANTS

AN EXCELLENT PLAN.

The glost, biscuit kilnmen and dippers employed at the Laughlin plants, No. 2, and No. 3, held an informal meeting this morning at lunch time, the purpose of which was to take the first steps toward organizing a beneficial organization. The cause is a most worthy one, and the idea is now in force in a number of potteries throughout the city and district. One day last week the employees of these departments of the big plant circulated a subscription paper for the benefit of William Call, of the West End, who was employed as a kiln drawer at No. 2, and who has been unable to work for many weeks on account of illness. The collection amounted to about \$30 in just the two departments, and the money has been presented to Mr. Call, who will soon be able to return to work. While the paper was in circulation an idea struck one of the glost kilnmen—that of forming a beneficial association. Every kilnman thought the plan a good one and suggested that a meeting of the kilnmen and dippers be held. This was arranged for, and the meeting was set for this morning. By-laws and constitution were secured from Secretary James Noah, of the association at the National pottery, to be read at the meeting. It is said that the association at the National is the strongest and one of the best of its kind in the city, and is doing some good work. It is for this reason that one is to be organized at the Laughlin plants. The association, if formed, will have a good membership to start with, and will be operated practically on the same plan as that at the National. At the National, all workmen are entitled to membership, but the plan as being considered at the Laughlin is to include the glost and biscuit kilnmen and dippers, and also the kilndrawers. The dues are of course small, and the good that is to be accomplished is two fold. Such associations as these are deserving of the greatest success.

JIGGERMEN'S MEETING.

At a meeting of Jiggermen's local No. 12, which will be held in Brotherhood hall this evening, a report from the committee appointed several weeks ago to form a limit to a days' work will be heard. It is within the range of possibility that the local will adopt a scale used at the Ford City pottery, which follows: "That the working hours of the members of local union No. 52 shall be from 7 a. m. to 12 m., and from 1 p. m. to 6 p. m. No work shall be done between the hours of 12 a. m. and 1 p. m. No work to be

done after 6 p. m. only with the permission of the shop committee." The penalty imposed for the violation of the above law is \$1 for the first offense, \$2 for the second offense and \$3 for the third offense, and for each succeeding offense reported at a regular meeting a fine of \$5. No fines are to be remitted unless sanctioned by a two-thirds vote of the members present. About the only difference in this resolution and the one being considered by No. 12 is that work shall cease in the jigger shops at 5 p. m.

THIS IS INDEED NEW.

East Liverpool will soon have a little business enterprise the like of which has never been thought of. Several prominent young men of this city employed in the decorating departments of some of the largest potteries in the city are about to organize a company the purpose of which is to decorate high class china, and other ware. The young men have let the contract for the erection of a small kiln, and this is now in course of construction. Within a week or so they will commence to decorate ware. For they are decorators, and china painters of no mean ability, and their work is sure to be well done. Of course it will all be done at night, but what is the difference, just so long as the results are obtained? In this manner a good business can be built up, and it may not be long until the young fellows have a business that is paying well, and will not have to work by the week. They will also do work for the potteries on special lines, and with a large amount of orders on hand for private work, their success is assured.

MEMBERSHIP IS INCREASING.

Kilndrawers' local No. 17 held another interesting meeting Saturday evening in Brotherhood hall. Two applications for membership were received, and two new members were obligated. Other matters of importance were also considered. The membership of this local, which only a year ago was very small, is now steadily increasing. It will be remembered that early in the year officials of this local asked for that "old guard" from No. 9, to assist in increasing the membership of the local, and their work has had a telling effect, even unto today. It is seldom a meeting of this local is held but an application or so for membership is presented, and the local now has a membership close to 200.

INDUSTRY FLOURISHING.

It is possible there has never been a time in the history of brick and sewer pipe making in the Ohio valley when that branch of industry was in

a more flourishing condition than exists at the present time. Not only does this benefit the manufacturers, but the workmen as well are profiting quite largely because of this state of affairs. It is a matter of fact that workmen in that district were never as well paid as at present, and there is also an abundance of work for all.

THEIR BOILER ARRIVED.

The boiler, ordered some time ago by the officials of the East Liverpool Brick Manufacturing company, was received in this city Sunday, and yesterday morning was delivered at the plant. It is now being unloaded from the cars, and in a day or so will be in place. Considerable machinery has been received at the plant within the past week, and with everything in the firm's favor, may be able to start the new plant sooner than was expected.

DOING SOME BUSINESS.

A writer for an eastern trade paper has this to say of the imported goods: "The road business with English earthenware is brisk. Nearly all the heads of New York houses are now on tour. Their frequent letters to the local offices are unvaryingly encouraging, and almost without exception they express the belief that there will be a fair fall trade in English goods. The visiting buyers, too, have left some desirable orders here."

SIMMERS TALKS TRADE.

F. I. Simmers, connected with the branch office of the National Glass Co. at Chicago, dropped in the general offices of the company at Pittsburg last week. He gives a good report of the situation at Chicago and says prospects for the fall are bright. Mr. Simmers was formerly connected with the East Liverpool Pottery company before that concern was absorbed by the East Liverpool Potteries company.

BOUGHT FROM RECEIVER.

Papers incorporating the Central New York Pottery Co. have been filed. The capitalization is \$50,000. Herman Bartels, Sr., Herman Bartels, Jr., A. A. Howlett and Francis H. Gates are the incorporators. The latter held a mortgage for \$9,800 upon the Chittenango pottery, and at a recent receiver's sale bought the property for the amount of his mortgage. It will be enlarged.

WILL BE PIN BOY.

Just as soon as William Call, of the West End, recovers sufficiently to allow him to return to work, he will be given a position of cleaning saggars for Mr. Elliott's glost kiln crew at Laughlin No. 2. He has been suffering with typhoid fever. He was employed as a kiln drawer at this plant before he became ill.

CONVENIENT TO SEBRING.

The new electric railroad from Alliance to Sebring was opened last week. This will be a great convenience to the large number of operatives of the Sebring potteries who live in Alliance owing to the want of a sufficient number of residences at Sebring. Business at Sebring is reported to be moving satisfactorily.

WILL BE MARRIED.

Cards are out announcing the engagement of Miss Emily P. Magowan, daughter of Frank A. Magowan, formerly president of the Trenton Pottery company, to Wesley Warner Burden, of New York city. Miss Magowan's clerical position in the clerk in chancery's office at Trenton will be taken by her mother.

ON HIS VACATION.

Samuel J., better known as "Doc" Ferguson, general manager of the East Liverpool Pottery company, is now off duty on his two weeks' vacation. Mr. Ferguson has been "constantly at it" ever since the East Liverpool Pottery company was formed, and his rest is deserved.

BUSINESS IS BRISK.

Cartwright Bros. report a full line of orders and their increased capacity fully employed on the demands of their patrons. Wm. Cartwright is still under a specialist's care at Pittsburg, but gradually improving, with good prospects of an entire recovery.

A NEW CONCERN.

West Virginia Queensware Co. is the name of a new company just entering the field at Huntington, W. Va. Their letter-head reads "manufacturers and jobbers."

COMPANY INCORPORATED.

The Buffalo pottery, Buffalo, N. Y., has been incorporated with a capital of \$50,000. Seven buildings are being erected and about 300 men will be employed.

I was a physical wreck; had been treated by some of the best doctors as could be found, and taken nearly all kinds of patent medicines, but it all availed nothing. I have spent hundreds of dollars trying to find a cure. This is a case of twenty years' standing. I got so far gone that I could not work more than six or eight hours per day, and would become perfectly exhausted. I was recommended by Messrs. Clyde & Lacey to try your remedy, BLOOD WINE, which I am glad to state has proved very satisfactory. I have gained strength, health, vigor, and am able to carry on my daily labor with the greatest ease. I would say that if this should reach the eyes of any sufferers from such complaints they should try BLOOD WINE, which is a safe and a sure cure, full of tonic value, without danger of disturbing the action of the heart or stomach. I thank you, gentlemen, for the restorative power contained in BLOOD WINE."

RECOVERED HIS CASH

Will Andrews Mourned the Loss of \$25 for a Day, Then It Came Back.

For almost 12 hours yesterday Will Andrews, of First avenue, mourned the loss of \$25, then it was returned to him and today he is covered with smiles. Saturday afternoon S. Mullins, an employee of Mr. Andrews, made some collections, and as the money was all in bills the amount was immediately given to Mr. Andrews. Yesterday as he was driving to his ice house along Pennsylvania avenue, the money, just as it was given to Mr. Andrews by Mr. Mullins, in some manner dropped from his pocket. He did not miss his loss until in the afternoon, and then made the fact known to his other men.

The next person to follow Mr. Andrews to the ice house was Mr. Mullins, and he saw the money lying in the road, two tens, two twos and one one-dollar bill were picked up. Nothing was said of the finding of the money until in the evening, when Mr. Andrews commenced to worry somewhat over the loss. Mullins thought it would be too bad to keep his employee in suspense any longer, and gave him the money he had found. Mr. Mullins refused a large reward offered him by Mr. Andrews.

is Nature's time for rest; and the man who does not take sufficient time to sleep or who cannot sleep when he makes the effort, is wearing out his nervous strength and consuming his vital power. Dr. Miles' Nervine brings sweet, soothing, refreshing sleep. Don't let another night pass. Get it to-day.

The first necessity of athletics is a sound stomach. Food is the source of all physical strength, but to extract and assimilate the strength from food requires that the stomach and other organs of digestion and nutrition should be in a condition of good health. What is true of the athlete is true of every man and woman; physical health and vigor depend upon the digestion and assimilation of food.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition, and by enabling the perfect digestion and assimilation of food, builds the body up with solid flesh and muscle.

"I used ten bottles of Dr. Pierce's Golden Medical Discovery and several vials of his 'Pleasant Pellets' a year ago this spring, and have had no trouble with indigestion since," writes Mr. W. T. Thompson, of Townsend, Broadwater County, Montana. "Words fail to tell how thankful I am for the relief, as I had suffered so much and it seemed that the doctors could do me no good. I got down in weight to 125 pounds, and was not able to work at all. Now I weigh nearly 200 and can do a day's work on the farm. I have recommended your medicine to several, and shall always have a good word to say for Dr. Pierce and his medicines."

The Common Sense Medical Adviser, 1008 large pages in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

CONTRACT FOR PAINTING

East End Fire Station to Be Painted By the City at a Cost of \$58.

The East End fire station is to be painted, and at once. This has been the desire of the fire committee of council, and what they desire is generally accomplished. A few days ago the committee advertised for bids for the painting of the station and practically every painter in the city entered bids. There were 12 bids and when they were opened by the committee, consisting of Messrs. Orr, Horwell and Thomas, it was found that the cost of painting the outside of the building would be anywhere from \$58.50 to \$100.

Then the committee tabulated the bids and found that Contractor Albert Dinerstein, of the West End, was the lowest bidder, he offering to do the work for \$58. Accordingly the contract was given to him. The work will commence at once, and will likely be completed in two weeks. A dark color of paint will be used.

Attending Conference.

Rev. G. W. Orcutt, pastor of the Erie street M. E. church, left this morning

for Cambridge, for the purpose of attending the annual meeting of the East Ohio conference of the M. E. church. He will remain there until the close of the meeting, which will likely continue until some time next week. It has not been announced who will have charge of the services at this church next Sunday morning and evening.

P. H. C. Circle at Calcutta.

Representatives of the East End branch of the Protected Home Circle, who have been spending a few days in Calcutta, organizing a new circle, have met with unlooked for success and the new circle in Calcutta will, it is thought, be organized next Monday evening. It will have a membership of about 30 to start with and will be organized by District Deputy Organizer Frank D. White, of the East End.

EAST END AFFAIRS.

Mrs. H. H. C. Hammerton and children, of First avenue, spent the day in Pittsburgh.

Harlow McAfee, of Railroad street, who has been seriously ill with typhoid fever for several weeks, has recovered, and is now able to be out.

L. W. Healy, manager of the East Liverpool Railway company, who has been spending several weeks' vacation in the east, returned to the city last evening.

Laughlin, the young son of Mr. and Mrs. Hayes, of Erie street, who has been ill with pneumonia for a few days, was somewhat improved this morning.

Mrs. H. H. Duley, of the East End, whose business stand was recently sold, called at this office this morning and said that nothing was found in their store that would cast a reflection upon its former owners.

At a meeting of the Tribe of Ben Hur, which was held in the P. H. C. hall on First avenue last evening, three new members were initiated. Several applications for membership were considered and these will be acted upon at the next meeting.

Mrs. Rosenthal, of Cincinnati, who has been visiting at the home of her daughter, Mrs. D. J. Hymes, on St. George street, for several weeks, will leave this afternoon for Pittsburgh, where she will remain for a few days visiting relatives. From there she will return to her home.

All the old green cars of the East Liverpool street railway have been prepared for winter service, and it will be but a week or so until these cars are placed on the road to take the place of the summer cars which have been in use for several months. The platforms and floors of these cars have been repainted and the cars present a very clean appearance.

Women and Jewels.

Jewels, candy, flowers, men—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous effort to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Boschee's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial troubles. You can get this reliable remedy at Charles F. Craig's. Get Green's special almanac.

SALINEVILLE

Salineville, September 15.—The saw mill of Henry Taylor, on the Daniel Smith farm, three miles from town, was slightly damaged by fire last Friday night. The loss will probably not exceed \$50.

Dr. John Lindsay has accepted a position in one of the city hospitals of Cleveland.

The Carroll county fair is announced for October 9, 10 and 11 at Carrollton.

The brick walls for the new pottery are about completed to the second story of the main building. The large boiler is being set in the engine room and the huge stack is on the ground ready for setting up.

Fred S. Bunn, who has been prostrated the past five weeks with rheumatism, was on the street Sunday for a short walk. He is recovering very slowly. His wife is able to go about again.

Mrs. Clare Kirk, of Los Angeles, Cal., after a visit of some months, started for her home Monday evening.

Gamble Peterson, of East Liverpool, has accepted a position as superintendent of the New Dresden White Ware pottery of this city. Mr. Peterson was raised near Bergholz.

Allison D., eldest son of W. A. Thompson, left in company of his father to enter the college at New Wilmington, Pa.

The little daughter of Mr. and Mrs. Helms, the jeweler, by a fall one day last week, sustained an injury to one of her arms. She now carries it in a sling.

Another lecture course for the coming winter is in prospect for the people of Salineville.

Mrs. Dr. Ed Russell, of Alliance, was a visitor recently at the home of Mr. and Mrs. James Russell. It was the ninety-fourth birthday of her aged father-in-law, Mrs. Russell.

Harry E. George, of New Albany, arrived home one day last week for a visit with his parents near East View. J. B. Van Fossen, of Norristown, was doing business in Salineville Saturday.

An American Company Succeeds in Putting the Best Elements of the German "Traubenkur" or Grape Cure in Cheap Convenient Form for General Use.

Good News for Sufferers From Dyspepsia, Constipation, Liver Troubles or Nervous Exhaustion.

It is estimated that five billion dollars were spent last year by Americans in visiting the world-famed Traubenkur or Grape Cures of Germany. Their startling cures of Stomach and Liver Troubles and General Exhaustion have stirred the medical world, and forced physicians to recommend them and admit their wonderful work. A century ago the Grape Cure was the most potent factor in modern medicine. The Lightning Medicine Co., of Rock Island, Ill., after years of scientific experiment perfected

MULL'S GRAPE TONIC

an invigorating re-builder, the basis of which is the Juice of the Grape, combined with herbs and fruits. It is nature's own tonic and balancer. It combines all the best elements of the Traubenkur, and is now placed on general sale in drug stores at only 50c a bottle. It means more to the sufferer from these diseases than any departure in medicine of the age. You can be convinced at once, because the first dose benefits.

HENRY CLARK, Denby, Ky., says: "The cause of my sickness was indigestion and constipation, with liver and kidney trouble so that I finally got into bad shape. Mull's Grape Tonic cured me. A change for the better always takes place right after the first dose."

We not only recommend Mull's Grape Tonic, but our faith in it is so unlimited that we will in all cases refund the money in full to all purchasers who are not benefited by its use. If used with a little chopped ice it will be found a delicious drink.

Even the Democrats themselves are showing but slight interest in the outcome of the Eighteenth district convention, held at Alliance today to nominate a candidate for congress. It is a waste of effort for the Democrats of this district to hold a convention or to engage in a campaign. Their leaders, or at least those among them who have good judgment, are well aware of the fact, but cannot bring themselves to the humiliation of publicly acknowledging that such is their belief, as they would virtually do by leaving the field altogether. So they will go through the formality of putting up a man to be knocked down. It matters little whom they select; the very best man in the Democratic party in the district would stand no chance of being elected. The people of this portion of Ohio—one of the greatest industrial regions in the whole state—are prospering as never before, and are fully aware that it is to Republican and not to Democratic policies that they owe their prosperity. The protective tariff has built up the industries which keep both labor and capital profitably employed. The Democrats are avowedly hostile to that system and if they could climb into power would at once begin its destruction, sacrificing everything to the theory of free trade or a tariff for revenue only, which is almost the same thing. To vote for a Democratic candidate for congress is to vote to begin tariff tinkering, which will check or stop the currents of business and trade, now in the full tide of magnificent strength. The intelligent citizens of the Eighteenth district know this, and are familiar with the sad story of the industrial conditions that prevailed when Democracy was in power. They believed in McKinley and the principles for which he stood, and will vote for a continuance of the splendid prosperity begun under his administration and continuing under that of his successor. There is but one issue—progress or retrogression—and the Eighteenth district is in no humor to go backward.

Chicago specimens of great men are rather small potatoes in the estimation of some of our British cousins. A telegram from London brings the news that John W. Gates has been barred out of a London hotel because of his promiscuous profanity and equally promiscuous expectation.

Tom Johnson says he is not a candidate for anything except for mayor of Cleveland next spring. He

will have hard work to convince many people that he is traveling with a hipodrome from motives of philanthropy or from pure love of the circus business.

Emperor William took 200 trunks to the field when he engaged in mimic war. If he were to go into an actual campaign he would probably be accompanied by a freight train or two.

Akron would be delighted if it could take a census on the day that the Republican campaign opens. One of the biggest crowds the town has ever seen is sure to be on hand then.

Bryan told at Toledo what he would have done had he been elected president in 1900. Certainly he would have not been perplexed to find material for loud calamity howls.

The intrepid Peary has been found once more, but it is a safe guess that the pole still remains undiscovered.

WANT TO CONTINUE

As Administrators of the Estate of the Late Abraham Hartley.

Lisbon, September 16.—(Special)—An application was filed in court today with Judge Boone by Linda Hartley and Mary E. Burris to be continued as administrators of the estate of the late Abraham Hartley, of Salineville. Their appointment was made by Judge Boone prior to the time that the lost or destroyed will was probated. A petition had been filed in common pleas court by these administrators asking that this will be held for naught, and they asked Judge Boone to continue the administration of the estate, pending the outcome of this suit.

Lisbon, September 16.—(Special)—The contract for the grading and improving of Stenbenville mill, just south of Lisbon, has been let by the county commissioners to Freeman Morrison. The mill has been for years considered one of the most dangerous in this vicinity.

A new road will be cut around the mill, coming into Lisbon close to the tin mill. When the work is completed the grade will be scarcely perceptible. Work will commence as soon as possible.

FOREIGN MISSION WORK.

Financial Condition of American Board Made Public.

Boston, Sept. 16.—The American board of commissioners for foreign missions has balanced its books for its fiscal year, ended Aug. 31, and yesterday made public the following financial statements:

The expenditures for 12 months to Aug. 31, 1902, were \$741,503, and the regular receipts for the year were \$742,764, leaving a balance on hand Sept. 1 of \$1,461.

The gains of the year have been from legacies and women's boards. The debt of a year ago, amounting to \$102,341, has been entirely cancelled through the redemption of pledges given at the Hartford meeting, last October.

MONEY SITUATION HAD EFFECT.

Stock Market, Monday, Showed Itself Sensitive to Its Influence.

New York, Sept. 16.—The stock market showed itself very sensitive to the money situation and the price movements throughout the day were closely related to the developments in the money market. The firm opening in the stock market was obviously due to the hope that the measures of relief announced by the secretary of the treasury would result in forcing down the rate for call loans. The opening rate of 15 per cent counteracted this influence and induced a general spilling over of stocks all around the room. Money lenders reported that the funds offered at 15 per cent were mostly for account of out-of-town institutions. Several millions reported shipped from Chicago on Saturday were presumably included in these funds.

Meantime the local banks were holding for a 20 per cent rate, which some of them got later in the day, when the out-of-town supply had been absorbed. When the demand for loans had been satisfied some of these banks found themselves with funds still on hand, which they offered in the market and helped to break the rate to 6 per cent. The maturity of a \$15,000,000 installment on subscriptions to the Oregon Short Line bonds issue greatly aggravated the situation and necessitated considerable calling and shifting of loans.

The stock market closed without any actual engagement being announced. The low prices of the day in the stock market followed closely upon the 20 per cent rates for money and the late easing in the money rate, resulted in a substantial rally, which wiped out earlier losses in a number of important stocks, but still left fractional net losses in the majority of cases.

Hope It Will Promote Peace.

The Hague, Sept. 16.—The hearing of the claim of the United States against Mexico, growing out of the Plus fund of California, commenced here yesterday before the international court of arbitration. At the opening of the court the Breign minister, Dr. R. Melvil Baron Van Lynden, in part, heartily congratulated the two over-sea republics on taking the initiative, and hoped the outcome and experience of the court would contribute powerfully to the maintenance of the peace of the world.

NEW OIL WELLS

A Number of Producers Completed in the Beaver County Field.

The morning papers contain the following news about the oil developments in this section:

Between Brookstown and Georgetown Ferguson Bros. have completed their No. 7 on the Joann Ferguson farm, and have a show for a 15-barrel pumper.

In the Turkeyfoot extension, Beaver county, R. E. Brandon & Co. have completed a test well on the Cameron heirs farm, and have a small pumper.

On the Jacob Yeck farm, in the Leightonville district, Beaver county, J. W. Adams & Co. have drilled in their No. 3 and have a show for a 25-barrel producer.

PAVING HAS STARTED

Contractors at Work On Important Improvements in Chester.

The work of paving certain streets of Chester in accordance with plans made by the Chester council some time ago was started this morning and it is thought by both Contractors Coates and Freshwater that the work will be finished within three months at the furthest. Contractor Coates, of Rochester, has charge of the paving between the street railway tracks, while the other street paving is in charge of Contractor Freshwater.

The brick for this work has commenced to arrive, and everything possible will be done to rush the work along as fast as possible.

TO START AT ONCE

The Marquets Intend to Operate Their Newly Acquired Coal Territory.

W. S. and O. L. Marquet, formerly of the Marquet Coal company, were in Chester today looking after their interests recently purchased about the city.

It is their intention to develop the territory at once, and the main object in their visit today was to arrange for the drilling to begin without delay.

A well located on the Cameron farm, a short distance from New Cumberland, which is owned by the Marquets, will be opened up within a few days. The well is all ready to shoot and has been flowing for some time.

Good for 20 Barrels.

The South Penn Oil company has once more been successful in bringing in a good well on the Eudice farm, just a few miles south of Georgetown. It was brought in Sunday, and it is thought the well is good for 20 barrels a day. Several other wells which have been located in this district within the past 10 days are expected in before the end of the week.

Preparatory to Paving.

Contractor Alexander W. Stevenson this morning commenced the work of filling the space in between the tracks of the East Liverpool & Rock Springs street railway with gravel, preparatory to the commencement of paving between the rails by the street railway company. The work will occupy about a week's time.

Still Get a Free View.

The Y. M. C. A. management has erected a double rail fence to prevent people standing on the railroad trestle from viewing the ground. The youngsters still get a free peep by climbing the supports of the trestle.

CHESTER NOTES.

Mrs. Mary Jenkins, of New Cumberland, is now cashier at O. O. Allison's. J. H. Atkinson, ex-prosecuting attorney of Hancock county, was here yesterday to attend the funeral of Mrs. Alex Pugh.

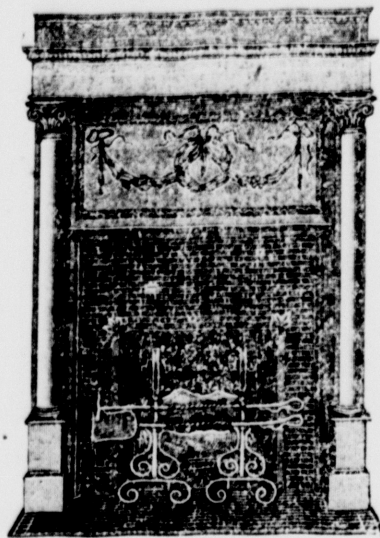

Charles A. Smith, who has been residing in Chester all summer, is arranging to remove his family to Pittsburg. It is expected the members of the family will leave Chester for East End, Pittsburg, some time next week.

Did He Threaten the President?

Cincinnati, Sept. 16.—The police were holding Joseph Schmitz, aged 40, on a charge of loitering, until they could investigate a statement that he had threatened to take the life of President Roosevelt. Schmitz was arrested on Saturday on the complaint of two elderly sisters, who said that he had entered their premises and insisted on staying there. The police were looking for the persons to whom he was said to have made the threat against the president.

Effect of Fruit on the Stomach.

The malic acid of ripe apples, either raw or cooked, will neutralize any excess of chalky matter engendered by eating too much meat. It is also the fact that such fresh fruits as the apple, the pear and the plum, when taken ripe and without sugar, diminish acidity in the stomach rather than provoke it. Their vegetable juices and juices are converted into alkaline carbonates, which tend to counteract acidity.

the residents have abundant reason for taking an active part in the actions of the Parkersburg convention. It is stated there are few if any cities in the Ohio valley that is handicapped to the degree that East Liverpool finds itself. With but one railroad, the shippers of freight are completely at the mercy of that corporation in the dry season. For this reason and many others it is absolutely necessary, for East Liverpool to have representation at the convention.

Mr. Wallace states it is the purpose of the leaders in the move to adopt plans at the meeting which will result in the raising of funds with which to carry on the work. It is also proposed to select a committee of able men, whose duty it will be to spend a great portion of their time at Washington in the interest of the appropriations asked. They are to be there when any matter of interest to the Ohio river men comes before congress. In this manner and through the congressmen who attend the conventions, the ideas of all practical men can be laid before the national body.

Captain Craighill, of Wheeling, states the plans ought to be changed. It is his belief that one contractor should be employed on each of the dams, instead of sub-letting the several departments of the work. He thinks in this way the contractor could be made responsible for the entire job, thus avoiding threatened litigation and unnecessary delay. Should this latter plan be adopted it is Capt. Craighill's opinion the whole system can be completed within five years, and at a cost of \$25,000,000.

Undoubtedly East Liverpool should send a delegation to the Parkersburg convention as it can scarcely be realized by any one not familiar with every phase of the question just what it means to the residents of this community.

Why He Changed His Mind.

"I tell you, sir, civil service is a great thing."
The man addressed looked astonished.
"Coming from any one but you, that remark would not greatly surprise me," he said. "You didn't think so when I last saw you?"
"No, I didn't."

"You considered civil service little short of a civic curse."

"That's right. But then I was on the outside and trying to get in, while now I am on the inside and trying to stay in. It makes a great difference."

Fine Job Printing—News Review.

"The employees objected to his loud praying, as did also many people living in this vicinity. He not only worried us all by his prayers and pleadings, but insisted upon tacking placards over our work benches with inscriptions such as these upon them: 'Where will you spend eternity?' 'Are you a Christian?' 'Have you given yourself to Christ?' 'Is God in your heart?'"

"Devoting his time to this and his many other peculiar actions he was really not able to attend to his duties. When ordered to count out a certain number of knobs or any other articles that we ship he would invariably make a miscount, and that is another reason that I discharged him. I can not afford to have a man in my employ that throws me liable to the firm. I positively believe that the boy is upon the verge of insanity. I told him so, but he thinks not."

Gilliland came to this city in June of the present year from Syracuse, Meigs county, O. He graduated from Carleton college of that town last spring and his mission here is to earn sufficient money to enable him to enter a college that will prepare him for the ministry. Since his early boyhood years he has been a devout Christian and a prominent member of the Methodist church. He is particularly bright and is an excellent student of the Bible. His prayers have always been marked with expressiveness and oratory. His mother is dead and his father a poor circuit preacher. For years the boy has been solely dependent upon others than his relatives for a living. He worked his way through school, working morning and evenings, and carried off the honors at his graduation.

and before the bar associations. My attitude and my actions in this matter have cost me considerable in the practice of my profession, as I do not count many corporations among my clients because of my antagonism to their conduct. All my life have I been on the side of the men who work.

"I have heard it said that I was presented a set of resolutions passed by the Central Labor Union of Alliance at the time of my nomination at Salem and that I had refused to give them any consideration or reply to any inquiry. Such is not a fact. No resolutions of any kind were presented me at Salem. When I returned from my summer vacation, about a week ago, I found among my accumulated mail a set of resolutions purporting to have been passed by the Central Labor union of Alliance on Aug. 8. This was after the nomination of Mr. Duffy, and I was informed that those resolutions and the ones constituting the platform adopted by the convention which nominated Mr. Duffy were not the same. I have waited, thinking perhaps that the platform would have to be discussed in the campaign and under the belief that my attitude was clearly understood.

"I received a letter from Mr. Bonsall, of Salem, asking an expression regarding my attitude as concerned organized labor and I wrote in reply that I had often expressed myself on the question, had been reported and recorded in the public press and that it was open for any man to read.

"I am surprised that at this time and under existing conditions organized labor should see fit to rebel against the Republican party. An evolution is in progress in politics which must and will result in the betterment of labor and it is going to be worked out through and by the Republican party. The Republican party stands with President Roosevelt and there is no mistaking his utterances and attitude toward organized labor. It should be enough to command the support of every member of labor unions for the Republican candidates.

"I am confident that there is not going to be any great political upheaval to destroy the present prosperity of the people. I am confident that the Republicans will win in the state and district, and I am confident that I will be elected."

WELLSVILLE

PAVING BRICK MUCH DEBATED

Wellsville Council Is Not Yet Done With the Troublesome Question.

LEFT TO CITY ENGINEER

Petitions for Various Street Improvements Presented And Acted Upon. City May Lose Stilt Works if It Fails to Act—Lively Session.

One of the most interesting and important meetings that the new council has yet held was that of last evening. The hottest issue was the brick question, which has been creating quite a stir among the city officials ever since Street Inspector Dolphin condemned certain brick on the Fourth street paving job.

Captain John Porter, of Congo, whose brick were condemned, came before council and made the following statement: "We will give a guarantee of 5 years on all our brick, and will give a bond of \$5,000, an amount which is twice the value of the brick which I have laid in the city, that has not been laid."

The special committee appointed at the last meeting of council to make a public test of the Wellsville brick and Porter brick reported that no test was made as Councilman Whitacre, who is chairman of the committee, was not present.

Here Contractor Freshwater took the floor and requested council to take immediate action on the brick matter. Work could not proceed until it was decided. Councilman Brennan asked Freshwater if he had not been trying to get Contractor Rinehart to do the Liverpool street paving job. Freshwater said that Brennan's question had nothing to do with the matter being discussed, but admitted that he had talked with Rinehart to this end. This satisfied council that Freshwater was unable to complete his contracts within the specified time. Captain Porter said he had been having more trouble with the city officials here than any other city in the state where he has been selling brick.

Councilman Weaver moved that the matter be left in the hands of City Engineer Leath, according to the terms of the contract existing between the city and Contractor Freshwater. The matter was passed, but was voted against by Councilmen Whitacre and McCormick.

A petition was granted which asked that the paving of sidewalks on Kelly avenue be set 6 feet instead of 8 feet because of the many trees planted along the street.

A petition was granted to widen Coal alley from a point at the western line of lot No. 6 in the Jones addition, westward to Twelfth street. The alley is now only 8 feet wide while the recorded plat calls for 10 feet.

A petition signed by several very prominent citizens requesting council to appoint some one to represent the city at the coming trial of the ferry case, was read by the city clerk. The petition was granted and Mayor Fogo and City Solicitor Boyd were selected. Several protests were heard against assessments made by the board of equalization for street improvements. The protests were received and filed.

Attorney W. F. Lones, in behalf of Burgess & Co., of East Liverpool, who are about to start a stilt works in the old soap factory, stated that unless council had a certain amount of paving work done on streets around the property, the city will likely lose the works, as the company has been thinking some of locating in Smith's Ferry. A motion, that it is the aim of the council to do the necessary paving was passed. People residing on the upper end of Fourteenth street will lay sidewalks in front of their property. The city engineer will give a grade and the street commissioner do the work. A similar motion was passed for Highland avenue residents who want the grade raised.

Favorable action was taken to provide fire plugs on Steubenville street, and other streets back of the town. A motion passed that the water works trustees repair all streets they had torn up. The East Liverpool Railway company will be notified that it will have to set their tracks on Liverpool street in the center of the road.

The contract for the paving of Spring Hill avenue was let to Rinehart Bros; cost about \$8,000, of which \$5,000 will be taken from a surplus cemetery fund.

An ordinance was passed making it illegal for anyone to carry concealed weapons. The limit of fine was set at \$50 and costs.

THE FERRY BOAT CASE

Captain John Porter May Stop the Emily From Running.

Captain John Porter, of Congo, who is vitally interested in the brick controversy which is much talked of in the city stated last evening that he had been present at every trial relative to the ferry case and that he had been instrumental in the maintenance of the Emily, the ferry boat plying between this city and Congo, and if the Wellsville council were going to throw him down on the brick question he would cause trouble with the ferry. This morning he is said to have stated to several citizens in this city that he would stop the ferry as soon as he possibly could and would join hands with certain Congo people in knocking against it.

Mr. Porter is familiar with the fact that City Civil Engineer Leith, with whom the brick matter was left by council, has made a private test of both the Porter and the Wellsville brick and has found the latter brick superior in quality. A lively debate is anticipated in the city civil engineer's office when Mr. Porter puts in his appearance there.

Truant Officer Pease Compels a Parent to Obey the Law.

Mrs. Henderson, who resides on Main street, between Ninth and Tenth, now that she has learned the law on the subject, has sent her son and daughter to school. This is one of the many families that has caused Truant Officer Pease much trouble since school commenced. He thinks that if a few more people would read up the law and learn that they are liable to a fine if they persist in keeping their children out of school, the truant officer would have much less trouble and in the end would prove better for all parties concerned.

Mayor Fogo toward filling out the present crippled police force and it would be hard to surmise just what he will do in the matter. The suspended officers are still in the city and have hopes that they will be reinstated. Something ought to be done soon, as the city does not have sufficient police protection. There are at present only four officers on the force and it is out of the question for them to remain on duty both day and night.

Friends Helped Him Out.

George Rutledge, who on last Saturday evening did Chief of Police Thorn personal injury by throwing a stone at him and who on Sunday was fined \$50 and costs by the mayor, was released from custody last evening, his relatives having raised enough money to pay his fine, the costs of which were \$5.20.

Mrs. Alex Clark, of Pittsburgh, has returned to her home after visiting relatives here. She was accompanied by the Misses Burnett.

Rev. W. A. Van Dyke, of Sherwood, O., has returned to his home after a short visit with his brother, A. C. Van Dyke, in the West End.

Mrs. Emanuel Paul, of Hammondsville, and Mrs. John Turner, of Salineville, attended the funeral of Mrs. Croasman, held in this city yesterday afternoon.

Mrs. Al McMurray and two children, of Pittsburgh, and Mrs. Hiram McMurray, of Hammond's Station, are the guests of William McMurray, of Fourteenth street.

The three Italian lads who were given a hearing yesterday morning and pleaded not guilty, in the afternoon pleaded guilty for convenience sake. Each was fined \$4.50, which was paid by friends.

NO BUSINESS DONE

U. P. Presbytery When It Met Had Nothing to Act Upon.

Although a special meeting of Steubenville presbytery was called at the First U. P. church yesterday afternoon, no business was transacted. Rev. W. R. Campbell, pastor of the Calcutta U. P. church, was to have presented his resignation at the meeting yesterday, but he failed to appear at the meeting. The resignation of Rev. P. J. White, of Bloomfield, was also to be acted upon, but nothing was done in this case.

Another meeting of presbytery will be held in October, at which time the Ohio synod will also meet in this city.

ROAD IMPROVEMENT

ST. CLAIR TOWNSHIP CITIZENS MOVING TO GET IT.

A Petition in Circulation Looking Toward Another Vote on the Question.

It is practically assured that Calcutta road will be improved, so far as the residents of St. Clair township are concerned. Some time ago the announcement was made that D. J. Smith, of St. Clair township, was circulating a petition for the purpose of securing signatures, asking for improvement of certain road or roads in the township. The petition now contains 78 names, at least it did at noon, and will have more before it is presented to the county commissioners.

It will require about \$16,000 to complete this improvement, and it will require a majority vote of the taxpayers of the township at the coming general election to decide whether the bonds shall be issued. At present matters are progressing most favorably, and it is the general opinion of those living in the township that the vote on the bond issue will be favorable. The bond election will be held at the November election.

PRIVATE SCHOOL

Which Is to Be Established at Thompson Park Will Open Early Next Month.

The private school which will be established by a number of families residing north of Thompson park will be opened about the first of the month. This was announced last evening by one of the persons who is interested in having the school established. It is now thought that more children will attend the school than was first thought, and every thing will be done to make the venture a success.

The cost of tuition has not yet been determined, but this matter will be settled at a meeting of the mothers, to be held the latter part of the week.

HOME AFFAIRS.

Brief Notes of a Personal Nature and of Matters About Town.

Married Last Night—Albert J. Cash and Emma F. Skinnell, both of this city, were married last evening by Rev. Dr. Clark Crawford at the M. E. parsonage. They will go to housekeeping in this city.

Condition Critical—Physicians attending Sherman Monocypenny, of Second street, who has been suffering with hemorrhages for several days, have, it is said, given up all hopes of his ultimate recovery. His condition today is quite low.

Finance Committee Meeting—Clerk Willis Davidson this morning mailed notices to the members of the finance committee of council that a meeting will be held at city hall tonight. No details are given, but as President Nice is chairman of the committee it is probable he will be present and explain the purpose for which the meeting was called.

Old Fashioned Picnic—A number of members of the Woman's Relief Corps left this morning for the home of Mr. and Mrs. Frank E. Conkle, on the Moore farm, near the Bell school house, where they spent the day attending a basket picnic and an old fashioned corn roasting. The corn was roasted in the husks, just as the soldiers in the civil war cooked it. It required several hours to take the ladies to the country.

TEACHERS' MEETING

University Extension, the Reading Circle and Other Matters Discussed.

Prof. R. E. Rayman held a very interesting and helpful meeting of all the teachers in the corps yesterday afternoon. Prof. Rayman opened the meeting by reading the twenty-fourth Psalm, followed by a prayer. He then talked with the teachers concerning reports, written and oral work in their schools, as well as the assignment of work.

After he had presented many helpful suggestions in the form of a systematic outline, and encouraged his corps of teachers to ever keep their work systematically prepared ahead, he talked upon university extension work.

The superintendent stated that the first of the series of lectures in the university extension work would be delivered on the evening of October 8. The meeting then adjourned after some interesting remarks concerning the teachers' reading circle.

SMALL SIDE SHOW

OF TOM JOHNSON'S

SINGULAR CIRCUS

Continued from First Page.

union between the Democratic party and the Labor party.

Referring to the Labor convention he said the delegates were honest in their motives and sincere in their actions, although they had been indiscreet. He stated that inasmuch as the Democratic party had always stood for organized labor that labor should have consulted Democracy before making a nomination. He urged a uniting of the Labor and Democratic parties.

Temporary organization was effected by the hearing of reports from the various counties represented. At 12:15 the convention adjourned until 1:30 without accomplishing much business. At 12 o'clock it looked as if the convention would nominate a Democrat for congress other than Thomas J. Duffy, of East Liverpool.

Columbiana county had 30 delegates present at the caucus which was held in the parlors of the Chase House. Salem is represented by 15, East Liverpool by 5, and the scattering townships take up the other 10. The late arrival of the Salem delegates delayed the work of the convention.

There were some warm speeches made at the caucus, before the following organization was effected: W. J. Foley, of East Palestine, chairman; M. E. Miskall, of East Liverpool, secretary; Bert Renkenberger, of Columbiana, member of committee on permanent organization; M. E. Miskall, of East Liverpool, on credentials; E. P. Speldell, of Hanoverton, rules and order of business; O. C. Juergens, of Salem, resolutions.

The names of P. S. Arnold, Lectonia; J. J. Weisand, East Liverpool, and D. D. Kirby, of Salem, were voted upon for congressional committeemen, two to elect, and Arnold and Weisand were chosen.

There was a lengthy discussion when a motion was made in the caucus to pledge the support of the Columbiana county delegation to the nomination of T. J. Duffy. The motion was amended to make it an endorsement and this amendment was later amended declaring it to be the sense of the delegation that a Democrat be nominated for congress. Speeches were made all around on this matter, the Salem and East Liverpool delegates taking an active part. Finally the amendment that the delegation stand as a unit for the nomination of a Democrat carried by a vote of 20 to 7.

Speeches made in the caucus on the motion indicated that the Columbiana delegation was strongly in favor of nominating a Democrat other than Duffy, as he could not accept the Democratic nomination, having already pledged himself on the labor platform.

OFFICERS SEEK

FOR GEO. MAYES

(Continued from First Page.)

ing given he told 'Squire McCarron, before whom the warrants were issued, to get the officers of the city on the search for Mayes, it being generally believed that Mayes is not far distant. The prosecutor's order was made in the hope that by the combined efforts of the full complement of city officers that the man may be apprehended.

If Mayes is arrested and taken before the grand jury, it is thought that he can offer some evidence that will assist materially in the conviction of McIntosh. All of the witnesses who will appear to testify in Mayes' case will also be questioned as to the cutting.

The prosecutor states that if McIntosh is at large after the testimony of witnesses is heard he will have identification cards printed and distributed in every county in the state and hopes by that means to finally land McIntosh.

He Left Them.

On the afternoon of Winslow's departure for Denver he was paying his bill, when he called Willie, hanging fascinatingly near.

"I want you," he said slowly, glaring into the boy's eyes, "to go upstairs and see if I left my toothbrush and comb in my room. Toothbrush and comb, toothbrush, toothbrush, toothbrush! Don't forget what I want, boy, and hurry, too. Got to get my train."

"N-no, sir; y-yes, sir," chattered Willie.

Winslow hung about impatiently, watching the clock like a hawk. Only two minutes to spare. Just as he caught up his bag to depart Willie came on a dead run across the floor, his face aglow with the sense of a lofty mission well performed.

"Yes, sir," he cried eagerly, "you left 'em!"

Winslow gazed at his empty handed emissary. His lips moved, but no words came forth. Then, with an inarticulate snarl, he stepped into the waiting carriage.—Kansas City Journal.

SMALL SIDE SHOW OF TOM JOHNSON'S SINGULAR CIRCUS

Democratic Convention at Alliance Slimly Attended—Outlook For Duffy's Nomination Not Bright.

Alliance, September 16.—(Special)—The Eighteenth Ohio congressional district side show to Tom Johnson's circus exhibited here today to a small audience. In other words, the Democratic congressional convention met to consider the congressional situation.

The convention opened at 11:55 o'clock in the opera house. There was at that time 67 delegates present. Thirty were from Columbiana county and an equal number from Stark county, and seven present were from Mahoning. S. L. Clark, of Youngstown, chairman of the Democratic congressional committee of this district, opened the convention with a speech. He denounced the Salem convention which nominated Kennedy as being dominated by the money power. He

said the convention was not a representative one; in fact, that hush money was in evidence by the thousands. He spoke for 15 minutes and then named James A. Wright, of Canton, to be temporary chairman of the convention.

Mr. Wright took the president's chair, and stated that he desired to make a short speech. He mentioned Mayor Johnson's name, which brought forth applause. He said 16 to 1 was not an issue this year, but that the Republican party failed to meet the Democrats on the question of the hour; had to pick issues from the tomb. He stated that taxation is the dominant issue in Ohio today.

He claimed that the Labor convention held in Alliance recently was a mistake, and urged that there be a

A DOUBLE TRACK TO ROCHESTER

Aim of the C. & P. to Complete the Work as Soon as Possible.

It is now a settled fact that the Cleveland & Pittsburgh railroad is to be double tracked from Wellsville to Rochester, and just as soon as possible the work is to be done.

This was the statement of an official of the Cleveland & Pittsburgh to a reporter for the News Review this morning. It was also stated that the contract for the laying of the rails had been let, and as the company does most of the grading itself it could not doubt be done quicker than if placed in the hands of a contractor. It was stated at the same time that is was the intention of the company to have the road double-tracked by April next, and as a part of the road between this city and Rochester is already double-tracked, or at least long switches are laid, the work in not going to be such a task as one would suppose.

Work on widening the bridge near

the Golding Flint mill is progressing rapidly, and the making of the concrete foundation for the stone abutment on the east side of the bridge was completed yesterday. Everything is now in readiness to commence the laying of the stones.

Last Saturday afternoon one of the old fashioned Ft. Wayne engines, No. 182, was in use at this bridge, and a sight it was. It attracted more attention than the most up-to-date engine on the road would, because of its antiquity. This engine could be placed inside of one of the large "cruisers" now in use on the Cleveland & Pittsburgh road, and it would never be noticed. The engine was placed at the disposal of the contractors, to be used for shifting purposes, and by so doing the company is saving its regular shifting engines for other yard work.

CHAFINVILLE MAN HAD HIS TROUBLES

Had a Couple of Small Boys Arrested Because They Pelted Him With Tomatoes.

BACK TO HIS NATIVE HILLS

The Mayor Advises Him to Go And Cease Playing With Children—Woman Who Was Called a Hen Wants Tormenters Arrested.

Chafinville broke loose at the city hall again this morning. Those who appeared before the mayor from that district were Hugh Kane, J. D. McMurray, Andy Fisher, Clemens Demmerling and Mrs. Barbara Demmerling.

Kane, it seems, was on the war path last Saturday night and finally met trouble. He engaged in a lively fist with an unknown fellow who is now in hiding among his friends in Kentucky, and who got a little the best of the scrap. The mayor decided that Kane was the aggressor and fined him \$6.00.

McMurray is a long, skinny individual hailing from Jackson county, W. Va. He is 21 years of age, but certainly does not show that many years of battling in the big world by his actions. Little boys are his chosen companions. He evidently chooses them because of the sport he can have at their expense. While preparing his toilet for supper at the home of William Wolf he was struck on the side of the head with a soft tomato. He thrust his head and shoulder out of the window to ascertain whence came the missile. He is now sorry that

he did. Almost instantaneously his face was spattered with another fusillade. Blinded with the decayed juice he fell backward on the floor. Recovering he ran down stairs and found that Demmerling and Fisher, neither of whom is more than 10 years of age, had thrown the tomatoes. A fierce battle was then instituted, and before it was squelched many families had got their feet in it. Each of the trio got \$1.85.

The mayor severely reprimanded all, but he dealt more upon the case of McMurray, telling that man that he had better find his way back to the West Virginia hills. "That is where such people as you belong," said he. "There is a certain class of you immigrants that know nothing about civilization, and it seems to be that you will never learn. Yes, young man, you had better pack up and get back."

Mrs. Demmerling was not in court to answer to a charge. She simply had a complaint to register. "I tell you, mayor, these people from 'down yander' are the worst I ever saw. They had insulted me time and again. Every time I go past a certain house up there some one yells: 'Hello, there, old clucking hen.' I cannot stand it, if it please your honor, and I want something done."

She was told to get witnesses and then a warrant would be issued.

OFFICERS SEEK FOR GEO. MAYES

He Is As Much Wanted As Albert McIntosh For the Part He Took

IN GRIM'S BRIDGE FIGHT

Constable Has Followed Several Clues But Has Been Unable to Locate Him—City Officers Now Requested to Aid in the Search.

Albert McIntosh, the young man charged with the cutting of Albert Thompson in the fight following the dance given at Grim's bridge on Saturday night, September 6, is not the only man implicated in the melee that is a fugitive from justice.

While it is not generally known—in fact, is known only to a select few—George Mayes is and has been wanted almost as badly as McIntosh. Mayes is the fellow that pointed the gun directed at Frank Crawford and fired, the bullet passing within an ace of Crawford's head.

At the same time that a warrant was issued for McIntosh one was also issued for Mayes, charging him with shooting with intent to kill. Both warrants were placed in the hands of Constable Gill and he has been on the search of both men, looking for one as ardently as for the other.

Upon several occasions the constable has been on a close track of Mayes, but the fugitive has foiled him in his every attempt. Last Saturday night a brother of Crawford informed Gill that Mayes was in the city and directed him to the spot where the accused was in hiding. The officer went immediately to the place, but found that his bird had flown only a minute before-hand.

For reasons best known to himself the constable has kept the matter to himself, but since an order issued by Prosecuting Attorney Brookes this morning the story has gained circulation. Attorney Brookes has been in possession of the facts for several days and has been patiently waiting for either of the fugitives to turn up. No report of their whereabouts be-

CODE COMMITTEE DOWN TO WORK

Talking the Nash Code as a Basis the Body Is Busily Engaged.

THE ONE-MAN BOARD PLAN

Is Finally Decided Upon as Best—Out-And-Out Home Rule Scheme Voted Down—A Variety of Interesting Problems Considered.

From a Staff Correspondent.

Columbus, September 16.—The house code committee began work in earnest yesterday. The Nash code was adopted as a working basis, it being understood this action would not bind the members. After it had been adopted the board plan it provided for was rejected. Instead the plan of having one-man boards was agreed upon. By this cities will have a mayor, a council, a director of law, a director of accounts, a director of public works and a director of public safety.

The proposition to give cities out-and-out home rule was voted down when the motion providing for municipal conventions was killed. The Republicans declared it was unconstitutional.

A board of educational matter was laid over by the committee. A special committee will investigate and report what should be done. It is believed the school law will be changed but little.

The question of the redistricting of cities by council was taken up, but was not settled. A proposition that boards of election redistrict when councils fail was referred to a special committee.

The question of compensation for councilmen came up, and it was suggested that it would be unwise to permit councils to fix their own salaries. A special committee will consider and report on the matter.

In the matter of the appointment of officers by council, the board of health matter was raised. The Nash code was amended to meet the opinions of the members that there should be a board of health in each city. Later the committee will provide for boards of health as they now exist.

LOST HIS POSITION BECAUSE HE PRAYED TOO LOUD AND LONG

How a Young Man of a Deeply Religious Turn Came to Be Discharged By His Boss.

Glenn Gilliland, a young man of 19 years, was discharged yesterday from the packing department of the Brunt Porcelain works, which is in charge of Boss Packer De la Vallerie.

It is alleged that he was discharged because he was too religious and had a habit of devoting a portion of the noon hour to prayer.

Gilliland is a faithful, conscientious and consistent worker in the Free Methodist church of this city, and when the pastor, Rev. J. W. Howard, was apprised of the facts in the case he became indignant. To a reporter this morning the minister said:

"The potteries allow loud swearing and other outbursts of vile language to be uttered in the works, but when this young man attempted to devote himself to prayer a protest was raised and he was discharged. It is an outrage. The whole world admires a man who will stand up for his religion and confess Christ openly."

The boss packer when interviewed acknowledged that he had discharged Gilliland and gave his side of the story as follows:

"Gilliland applied to me for work about a month ago. I liked his gen-

eral appearance and hired him. He started in with a hearty good will and for a few days worked very hard. Near the end of the first week I noticed that he, instead of applying his time wholly to his work, devoted many minutes to deep thought. A few days later it became apparent to me what his actions meant. He was laboring under the pressure of too much religion.

"At times when he should have been at work he interrupted other employees in asking them of their spiritual condition. I knew that this could not be tolerated and told him, upon entering the shop, to leave his religion at the door; attend faithfully to his work during the day and at night outside do as he pleased. He replied that his religion was more to him than his work."

"Shortly afterwards at the noon hour he would hie away to the garret and for fully thirty minutes would engage in most fervent prayers. He prayed loud and long. His voice could be heard a block away. This he continued every noon until, after warning him numerous times, I could stand it no longer and ordered him to go to the office after the money due him."

FOR OHIO RIVER IMPROVEMENTS

The Movement, Popular and Promising, Attracting Much Attention.

Agitation for the slackwater of the Ohio river continues with a persistency which cannot fail to bring the success it merits. John G. Wallace, connected with the Merchant and Manufacturer, a Cincinnati publication, arrived in the city this morning, and is busily getting data and interviewing prominent men. It is the intention of the Cincinnati people to go into the convention soon to be held at Parkersburg prepared to furnish all the information that it is possible to obtain, relative to the advantages of a system

of dams in the Ohio to the manufacturer and business man.

Secretary Wilson, of the association has called the convention for Oct. 11th and 12th and the most important point just now is to have representatives present at that meeting from every city, village and hamlet not only directly bordering upon the Ohio river, but from territory for miles inland.

East Liverpool is looked upon by all who have interested themselves so far as being one of several cities where

KENNEDY A FRIEND OF WORKINGMEN

His Hostility to Corporations Well Known and Has Cost Him Much.

HIS RECORD AN OPEN ONE

All His Life He Has Been on the Side of Men Who Toil—A Story About a Resolution That Is Strenuously Denied.

James Kennedy, the Republican candidate for congress in this district, has again placed himself on record regarding labor and its interests. The position he takes in the interview which was published in a Democratic paper, the Alliance Leader, is the same that he has occupied for years.

Mr. Kennedy was at Alliance to attend the funeral of the late W. H. Phelps, who before the Salem convention was one of Mr. Kennedy's opponents for the nomination for congress. A reporter of the Alliance Leader told Mr. Kennedy that T. J. Duffy, a candidate for congress, claimed to be endorsed to some extent by labor unions. Mr. Kennedy was surprised at this.

"I had supposed," said Mr. Kennedy, "when I was nominated, that if there was to be any organized opposition outside the political parties to my candidacy it would come from the corporations. I had supposed that every one knew of the war I had waged against corporations and corporation influence, in the courts, in the press,

PAINTED A BOY BLACK AND WERE FINED FOR IT

Charged with assault and battery, that being the only head under which the charge could be made, John Hanchman, aged 19 years, and William Hancy, aged 17 years, both employed in the packing shed at the Globe pottery, were arraigned before "Squire" McCarron, in the presence of 15 interested ones last evening.

After hearing the evidence against them they pleaded guilty and each was fined \$2 and costs. They escaped luckily. Before dismissing them the "squire" warned them that if they are ever brought before him on a similar charge he will suspend sentence and give the court at Lisbon a chance to meet out justice in their cases. That would mean at least \$25 and 30 days to the works.

Mrs. Dora Martin had the warrant issued for the arrest of the fellows.

Her six-year-old son Richard struggled home at noon on last Saturday. He was suffering much pain and crying piteously. When the mother asked him as to the cause of his wailings he replied that two boys had seized him; hustled him off to the packing department of the Globe pottery and there applied black paint to his body, disfiguring it to such an extent that he was no longer a white boy, but a real African. "And, mamma, it hurts me awfully, too," said the boy.

Mrs. Martin's ire was aroused. She did not wait to ponder over the case. Her boy had been treated like an Indian warrior and the law she must have. Into "Squire" McCarron's court she ran. She told the court in detail the cause of her coming. Warrants were issued and the painters arrested by Constable Gill.

Lisbon, September 16.—(Special)—Louis H. McIntosh and Casey McVada, Harry Ford, of Rogers, and Gwendolin Miller, of Wellsville, have been licensed to marry.

WITH THE WORKMEN IN THE CLAY PLANTS

AN EXCELLENT PLAN.

The glost, biscuit kilnmen and dippers employed at the Laughlin plants, No. 2, and No. 3, held an informal meeting this morning at lunch time, the purpose of which was to take the first steps toward organizing a beneficial organization. The cause is a most worthy one, and the idea is now in force in a number of potteries throughout the city and district. One day last week the employees of these departments of the big plant circulated a subscription paper for the benefit of William Call, of the West End, who was employed as a kiln drawer at No. 2, and who has been unable to work for many weeks on account of illness. The collection amounted to about \$30 in just the two departments, and the money has been presented to Mr. Call, who will soon be able to return to work. While the paper was in circulation an idea struck one of the glost kilnmen—that of forming a beneficial association. Every kilnman thought the plan a good one and suggested that a meeting of the kilnmen and dippers be held. This was arranged for, and the meeting was set for this morning. By-laws and constitution were secured from Secretary James Noah, of the association at the National pottery, to be read at the meeting. It is said that the association at the National is the strongest and one of the best of its kind in the city, and is doing some good work. It is for this reason that one is to be organized at the Laughlin plants. The association, if formed, will have a good membership to start with, and will be operated practically on the same plan as that at the National. At the National, all workmen are entitled to membership, but the plan as being considered at the Laughlin is to include the glost and biscuit kilnmen and dippers, and also the kilndrawers. The dues are of course small, and the good that is to be accomplished is two fold. Such associations as these are deserving of the greatest success.

JIGGERMEN'S MEETING.

At a meeting of Jiggermen's local No. 12, which will be held in Brotherhood hall this evening, a report from the committee appointed several weeks ago to form a limit to a day's work will be heard. It is within the range of possibility that the local will adopt a scale used at the Ford City pottery, which follows: "That the working hours of the members of local union No. 52 shall be from 7 a. m. to 12 m., and from 1 p. m. to 6 p. m. No work shall be done between the hours of 12 a. m. and 1 p. m. No work to be

done after 6 p. m., only with the permission of the shop committee." The penalty imposed for the violation of the above law is \$1 for the first offense, \$2 for the second offense and \$3 for the third offense, and for each succeeding offense reported at a regular meeting a fine of \$3. No fines are to be remitted unless sanctioned by a two-thirds vote of the members present. About the only difference in this resolution and the one being considered by No. 12 is that work shall cease in the jigger shops at 5 p. m.

THIS IS INDEED NEW.

East Liverpool will soon have a little business enterprise the like of which has never been thought of. Several prominent young men of this city employed in the decorating departments of some of the largest potteries in the city are about to organize a company the purpose of which is to decorate high class china, and other ware. The young men have let the contract for the erection of a small kiln, and this is now in course of construction. Within a week or so they will commence to decorate ware. For they are decorators, and china painters of no mean ability, and their work is sure to be well done. Of course it will all be done at night, but what is the difference, just so long as the results are obtained? In this manner a good business can be built up, and it may not be long until the young fellows have a business that is paying well, and will not have to work by the week. They will also do work for the potteries on special lines, and with a large amount of orders on hand for private work, their success is assured.

MEMBERSHIP IS INCREASING.

Kilndrawers' local No. 17 held another interesting meeting Saturday evening in Brotherhood hall. Two applications for membership were received, and two new members were obligated. Other matters of importance were also considered. The membership of this local, which only a year ago was very small, is now steadily increasing. It will be remembered that early in the year officials of this local asked for that "old guard" from No. 9, to assist in increasing the membership of the local, and their work has had a telling effect, even unto today. It is seldom a meeting of this local is held but an application or so for membership is presented, and the local now has a membership close to 200.

INDUSTRY FLOURISHING.

It is possible there has never been a time in the history of brick and sewer pipe making in the Ohio valley when that branch of industry was in

a more flourishing condition than exists at the present time. Not only does this benefit the manufacturers, but the workmen as well are profiting quite largely because of this state of affairs. It is a matter of fact that workmen in that district were never as well paid as at present, and there is also an abundance of work for all.

THEIR BOILER ARRIVED.

The boiler, ordered some time ago by the officials of the East Liverpool Brick Manufacturing company, was received in this city Sunday, and yesterday morning was delivered at the plant. It is now being unloaded from the cars, and in a day or so will be in place. Considerable machinery has been received at the plant within the past week, and with everything in the firm's favor, may be able to start the new plant sooner than was expected.

DOING SOME BUSINESS.

A writer for an eastern trade paper has this to say of the imported goods: "The road business with English earthenware is brisk. Nearly all the heads of New York houses are now on tour. Their frequent letters to the local offices are unvaryingly encouraging, and almost without exception they express the belief that there will be a fair fall trade in English goods. The visiting buyers, too, have left some desirable orders here."

SIMMERS TALKS TRADE.

F. I. Simmers, connected with the branch office of the National Glass Co. at Chicago, dropped in the general offices of the company at Pittsburgh last week. He gives a good report of the situation at Chicago and says prospects for the fall are bright. Mr. Simmers was formerly connected with the East Liverpool Pottery company before that concern was absorbed by the East Liverpool Potteries company.

BOUGHT FROM RECEIVER.

Papers incorporating the Central New York Pottery Co. have been filed. The capitalization is \$60,000. Herman Bartels, Sr., Herman Bartels, Jr., A. A. Howlett and Francis H. Gates are the incorporators. The latter held a mortgage for \$9,800 upon the Chittenango pottery, and at a recent receiver's sale bought the property for the amount of his mortgage. It will be enlarged.

WILL BE PIN BOY.

Just as soon as William Call, of the West End, recovers sufficiently to allow him to return to work, he will be given a position of cleaning saggars for Mr. Elliotts' glost kiln crew at Laughlin No. 2. He has been suffering with typhoid fever. He was employed as a kiln drawer at this plant before he became ill.

CONVENIENT TO SEBRING.

The new electric railroad from Alliance to Sebring was opened last week. This will be a great convenience to the large number of operatives of the Sebring potteries who live in Alliance owing to the want of a sufficient number of residences at Sebring. Business at Sebring is reported to be moving satisfactorily.

WILL BE MARRIED.

Cards are out announcing the engagement of Miss Emily P. Magowan, daughter of Frank A. Magowan, formerly president of the Trenton Pottery company, to Wesley Warner Burden, of New York city. Miss Magowan's clerical position in the clerk in chancery's office at Trenton will be taken by her mother.

ON HIS VACATION.

Samuel J., better known as "Doc" Ferguson, general manager of the East Liverpool Pottery company, is now off duty on his two weeks' vacation. Mr. Ferguson has been "constantly at it" ever since the East Liverpool Pottery company was formed, and his rest is deserved.

BUSINESS IS BRISK.

Cartwright Bros. report a full line of orders and their increased capacity fully employed on the demands of their patrons. Wm. Cartwright is still under a specialist's care at Pittsburgh, but gradually improving, with good prospects of an entire recovery.

A NEW CONCERN.

West Virginia Queensware Co. is the name of a new company just entering the field at Huntington, W. Va. Their letter-head reads "manufacturers and jobbers."

COMPANY INCORPORATED.

The Buffalo pottery, Buffalo, N. Y., has been incorporated with a capital of \$50,000. Seven buildings are being erected and about 300 men will be employed.

SUFFERED FOR YEARS.

J. R. Sickles, ladies and gents' tailor, Tiffin, Ohio, writes: "I have been a sufferer from general debility, liver and kidney complaint, chills and fever, headache and lameness of the joints, cold hands and feet. I was a physical wreck; had been treated by some of the best doctors as could be found, and taken nearly all kinds of patent medicines, but it all availed nothing. I have spent hundreds of dollars trying to find a cure. This is a case of twenty years' standing. I got so far gone that I could not work more than six or eight hours per day, and would become perfectly exhausted. I was recommended by Messrs. Clyde & Larey to try your remedy, BLOOD WINE, which I am glad to state has proved very satisfactory. I have gained strength, health, vigor, and am able to carry on my daily labor with the greatest ease. I would say that if this should reach the eyes of any sufferers from such complaints they should try BLOOD WINE, which is a safe and a sure cure, full of tonic value, without danger of disturbing the action of the heart or stomach. I thank you, gentlemen, for the restorative power contained in BLOOD WINE."

RECOVERED HIS CASH

Will Andrews Mourned the Loss of \$25 for a Day, Then It Came Back.

For almost 12 hours yesterday Will Andrews, of First avenue, mourned the loss of \$25, then it was returned to him and today he is covered with smiles. Saturday afternoon S. Mullins, an employee of Mr. Andrews, made some collections, and as the money was all in bills the amount was immediately given to Mr. Andrews. Yesterday as he was driving to his ice house along Pennsylvania avenue, the money, just as it was given to Mr. Andrews by Mr. Mullins, in some manner dropped from his pocket. He did not miss his loss until the afternoon, and then made the fact known to his other men.

The next person to follow Mr. Andrews to the ice house was Mr. Mullins, and he saw the money lying in the road, two tens and one one-dollar bill were picked up. Nothing was said of the finding of the money until the evening, when Mr. Andrews commenced to worry somewhat over the loss. Mullins thought it would be too bad to keep his employer in suspense any longer, and gave him the money he had found. Mr. Mullins refused a large reward offered him by Mr. Andrews.

The first necessity of athletics is a sound stomach. Food is the source of all physical strength, but to extract and assimilate the strength from food requires that the stomach and other organs of digestion and nutrition should be in a condition of good health. What is true of the athlete is true of every man and woman; physical health and vigor depend upon the digestion and assimilation of food.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition, and by enabling the perfect digestion and assimilation of food, builds the body up with solid flesh and muscle.

"I used ten bottles of Dr. Pierce's Golden Medical Discovery and several vials of his 'Pleasant Pellets' a year ago this spring, and have had no trouble with indigestion since," writes Mr. W. T. Thompson, of Townsend, Broadwater County, Montana. "Words fail to tell how thankful I am for the relief as I had suffered so much and it seemed that the doctors could do me no good. I got down in weight to 125 pounds, and was not able to work at all. Now I weigh nearly 160 and can do a day's work on the farm. I have recommended your medicine to several, and shall always have a good word to say for Dr. Pierce and his medicines."

CONTRACT FOR PAINTING

East End Fire Station to Be Painted By the City at a Cost of \$58.

The East End fire station is to be painted, and at once. This has been the desire of the fire committee of council, and what they desire is generally accomplished. A few days ago the committee advertised for bids for the painting of the station and practically every painter in the city entered bids. There were 12 bids and when they were opened by the committee, consisting of Messrs. Orr, Horwell and Thomas, it was found that the cost of painting the outside of the building would be anywhere from \$58.50 to \$100.

Then the committee tabulated the bids and found that Contractor Albert Dinerstein, of the West End, was the lowest bidder, he offering to do the work for \$58. Accordingly the contract was given to him. The work will commence at once, and will likely be completed in two weeks. A dark color of paint will be used.

Attending Conference.

Rev. G. W. Orcutt, pastor of the Erie street M. E. church, left this morning

for Cambridge, for the purpose of attending the annual meeting of the East Ohio conference of the M. E. church. He will remain there until the close of the meeting, which will likely continue until some time next week. It has not been announced who will have charge of the services at this church next Sunday morning and evening.

P. H. C. Circle at Calcutta.

Representatives of the East End branch of the Protected Home Circle, who have been spending a few days in Calcutta, organizing a new circle, have met with unlooked for success and the new circle in Calcutta will, it is thought, be organized next Monday evening. It will have a membership of about 30 to start with and will be organized by District Deputy Organizer Frank D. White, of the East End.

EAST END AFFAIRS.

Mrs. H. H. C. Hammetton and children, of First avenue, spent the day in Pittsburg.

Harlow McAfee, of Railroad street, who has been seriously ill with typhoid fever for several weeks, has recovered, and is now able to be out.

L. W. Healy, manager of the East Liverpool Railway company, who has been spending several weeks' vacation in the east, returned to the city last evening.

Laughlin, the young son of Mr. and Mrs. Hayes, of Erie street, who has been ill with pneumonia for a few days, was somewhat improved this morning.

Mrs. H. H. Duley, of the East End, whose business stand was recently sold, called at this office this morning and said that nothing was found in their store that would cast a reflection upon its former owners.

At a meeting of the Tribe of Ben Hur, which was held in the P. H. C. hall on First avenue last evening, three new members were initiated. Several applications for membership were considered and these will be acted upon at the next meeting.

Mrs. Rosenthal, of Cincinnati, who has been visiting at the home of her daughter, Mrs. D. J. Hynes, on St. George street, for several weeks, will leave this afternoon for Pittsburg, where she will remain for a few days visiting relatives. From there she will return to her home.

All the old green cars of the East Liverpool street railway have been prepared for winter service, and it will be but a week or so until these cars are placed on the road to take the place of the summer cars which have been in use for several months. The platforms and floors of these cars have been repainted and the cars present a very clean appearance.

Women and Jewels.

Jewels, candy, flowers, men—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous effort to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Boschee's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial troubles. You can get this reliable remedy at Charles F. Craig's. Get Green's special almanac.

Fred S. Bunn, who has been prostrated the past five weeks with rheumatism, was on the street Sunday for a short walk. He is recovering very slowly. His wife is able to go about again.

Mrs. Clare Kirk, of Los Angeles, Cal., after a visit of some months, started for her home Monday evening.

Gamble Peterson, of East Liverpool, has accepted a position as superintendent of the New Dresden White Ware pottery of this city. Mr. Peterson was raised near Bergholz.

Allison D., eldest son of W. A. Thompson, left in company of his father to enter the college at New Wilmington, Pa.

The little daughter of Mr. and Mrs. Helms, the jeweler, by a fall one day last week, sustained an injury to one of her arms. She now carries it in a sling.

Another lecture course for the coming winter is in prospect for the people of Salineville.

Mrs. Dr. Ed Russell, of Alliance, was a visitor recently at the home of Mr. and Mrs. James Russell. It was the ninety-fourth birthday of her aged father-in-law, Mrs. Russell.

Harry E. George, of New Albany, arrived home one day last week for a visit with his parents near East View. J. B. Van Fossen, of Norristown, was doing business in Salineville Saturday.

An American Company Succeeds in Putting the Best Elements of the German "Traubenkur" or Grape Cure in Cheap Convenient Form for General Use.

Good News For Sufferers From Dyspepsia, Constipation, Liver Troubles or Nervous Exhaustion.

It is estimated that five million dollars were spent last year by Americans in visiting the world-famed Traubenkur or Grape Cures of Germany. Their startling cures of Stomach and Liver Troubles and General Exhaustion have stirred the medical world, and forced physicians to recommend them and admit their wonderful work. Recognizing the Grape Cure as the most potent factor in modern medicine, The Lightning Medicine Co., of Rock Island, Ill., after years of scientific experiment perfected

MULL'S GRAPE TONIC

an invigorating re-builder, the basis of which is the Juice of the Grape, combined with herbs and fruits. It is nature's own tonic and builder. It combines all the best elements of the Traubenkur, and is now placed on general sale in drug stores at only 50c a bottle. It means more to the sufferer from these diseases than any departure in medicine of the age. You can be convinced at once, because the first dose benefits.

MULL'S GRAPE TONIC CURED ME.

HENRY CLARK, Denny, Ky., says: "The cause of my sickness was indigestion and constipation, with liver and kidney trouble so that I finally got into bad shape. Mull's Grape Tonic cured me. A change for the better always takes place right after the first dose."

We not only recommend Mull's Grape Tonic, but our faith in it is so unlimited that we will in all cases refund the money in full to all purchasers who are not benefited by its use. If used with a little chopped ice it will be found a delicious drink.

and before the bar associations. My attitude and my actions in this matter have cost me considerable in the practice of my profession, as I do not count many corporations among my clients because of my antagonism to their conduct. All my life have I been on the side of the men who work.

"I have heard it said that I was presented a set of resolutions passed by the Central Labor Union of Alliance at the time of my nomination at Salem and that I had refused to give them any consideration or reply to any inquiry. Such is not a fact. No resolutions of any kind were presented me at Salem. When I returned from my summer vacation, about a week ago, I found among my accumulated mail a set of resolutions purporting to have been passed by the Central Labor union of Alliance on Aug. 8. This was after the nomination of Mr. Duffy, and I was informed that those resolutions and the ones constituting the platform adopted by the convention which nominated Mr. Duffy were not the same. I have waited, thinking perhaps that the platform would have to be discussed in the campaign and under the belief that my attitude was clearly understood.

"I received a letter from Mr. Bonsall, of Salem, asking an expression regarding my attitude as concerned organized labor and I wrote in reply that I had often expressed myself on the question, had been reported and recorded in the public press and that it was open for any man to read.

"I am surprised that at this time and under existing conditions organized labor should see fit to rebel against the Republican party. An evolution is in progress in politics which must and will result in the betterment of labor and it is going to be worked out through and by the Republican party. The Republican party stands with President Roosevelt and there is no mistaking his utterances and attitude toward organized labor. It should be enough to command the support of every member of labor unions for the Republican candidates.

"I am confident that there is not going to be any great political upheaval to destroy the present prosperity of the people. I am confident that the Republicans will win in the state and district, and I am confident that I will be elected."

WELLSVILLE

PAVING BRICK MUCH DEBATED

Wellsville Council Is Not Yet Done With the Troublesome Question.

LEFT TO CITY ENGINEER

Petitions for Various Street Improvements Presented And Acted Upon. City May Lose Stilt Works if It Fails to Act—Lively Session.

One of the most interesting and important meetings that the new council has yet held was that of last evening. The hottest issue was the brick question, which has been creating quite a stir among the city officials ever since Street Inspector Dolphin condemned certain brick on the Fourth street paving job.

Captain John Porter, of Congo, whose brick were condemned, came before council and made the following statement: "We will give a guarantee of 5 years on all our brick, and will give a bond of \$5,000, an amount which is twice the value of the brick which I have laid in the city, that has not been laid."

The special committee appointed at the last meeting of council to make a public test of the Wellsville brick and Porter brick reported that no test was made as Councilman Whitacre, who is chairman of the committee, was not present.

Here Contractor Freshwater took the floor and requested council to take immediate action on the brick matter. Work could not proceed until it was decided. Councilman Brennan asked Freshwater if he had not been trying to get Contractor Rinehart to do the Liverpool street paving job. Freshwater said that Brennan's question had nothing to do with the matter being discussed, but admitted that he had talked with Rinehart to this end. This satisfied council that Freshwater was unable to complete his contracts within the specified time. Captain Porter said he had been having more trouble with the city officials here than any other city in the state where he has been selling brick.

Councilman Weaver moved that the matter be left in the hands of City Engineer Leath, according to the terms of the contract existing between the city and Contractor Freshwater. The matter was passed, but was voted against by Councilmen Whitacre and McCormick.

A petition was granted which asked that the paving of sidewalks on Kelly avenue be set 6 feet instead of 8 feet because of the many trees planted along the street.

A petition was granted to widen Coal alley from a point at the western line of lot No. 6 in the Jones addition, westward to Twelfth street. The alley is now only 8 feet wide while the recorded plat calls for 10 feet.

A petition signed by several very prominent citizens requesting council to appoint some one to represent the city at the coming trial of the ferry case, was read by the city clerk. The petition was granted and Mayor Fogo and City Solicitor Boyd were selected. Several protests were heard against assessments made by the board of equalization for street improvements. The protests were received and filed.

Attorney W. F. Lones, in behalf of Burgess & Co., of East Liverpool, who are about to start a stilt works in the old soap factory, stated that unless council had a certain amount of paving work done on streets around the property, the city will likely lose the works, as the company has been thinking some of locating in Smith's Ferry. A motion, that it is the aim of the council to do the necessary paving was passed. People residing on the upper end of Fourteenth street will lay sidewalks in front of their property. The city engineer will give a grade and the street commissioner do the work. A similar motion was passed for Highland avenue residents who want the grade raised.

Favorable action was taken to provide fire plugs on Steubenville street, and other streets back of the town. A motion passed that the water works trustees repair all streets they had torn up. The East Liverpool Railway company will be notified that it will have to set their tracks on Liverpool street in the center of the road.

The contract for the paving of Spring Hill avenue was let to Rinehart Bros; cost about \$8,000, of which \$5,000 will be taken from a surplus cemetery fund.

An ordinance was passed making it illegal for anyone to carry concealed weapons. The limit of fine was set at \$50 and costs.

THE FERRY BOAT CASE

Captain John Porter May Stop the Emily From Running.

Captain John Porter, of Congo, who is vitally interested in the brick controversy which is much talked of in the city stated last evening that he had been present at every trial relative to the ferry case and that he had been instrumental in the maintenance of the Emily, the ferry boat plying between this city and Congo, and if the Wellsville council were going to throw him down on the brick question he would cause trouble with the ferry. This morning he is said to have stated to several citizens in this city that he would stop the ferry as soon as he possibly could and would join hands with certain Congo people in knocking against it.

Mr. Porter is familiar with the fact that City Civil Engineer Leith, with whom the brick matter was left by council, has made a private test of both the Porter and the Wellsville brick and has found the latter brick superior in quality. A lively debate is anticipated in the city civil engineer's office when Mr. Porter puts in his appearance there.

SENT TO SCHOOL

Truant Officer Pease Compels a Parent to Obey the Law.

Mrs. Henderson, who resides on Main street, between Ninth and Tenth, now that she has learned the law on the subject, has sent her son and daughter to school. This is one of the many families that has caused Truant Officer Pease much trouble since school commenced. He thinks that if a few more people would read up the law and learn that they are liable to a fine if they persist in keeping their children out of school, the truant officer would have much less trouble and in the end would prove better for all parties concerned.

Mayor Fogo toward filling out the present crippled police force and it would be hard to surmise just what he will do in the matter. The suspended officers are still in the city and have hopes that they will be reinstated. Something ought to be done soon, as the city does not have sufficient police protection. There are at present only four officers on the force and it is out of the question for them to remain on duty both day and night.

Friends Helped Him Out.

George Rutledge, who on last Saturday evening did Chief of Police Thorn personal injury by throwing a stone at him and who on Sunday was fined \$50 and costs by the mayor, was released from custody last evening, his relatives having raised enough money to pay his fine, the costs of which were \$5.29.

Mayor As Janitor.

Since Officers Davis and Marshall were suspended from the police force, Mayor Fogo has been acting as assistant city building janitor, to assist Officer Elliott, who now takes one of the vacant beats each night.

Forfeited \$25.

Larry Chille, one of the alleged brass thieves, failed to appear before Mayor Fogo at the time set last evening, and the \$25 put up by his relatives was forfeited.

Mrs. Emanuel Paul, of Hammondsville, and Mrs. John Turner, of Salineville, attended the funeral of Mrs. Croasman, held in this city yesterday afternoon.

Mrs. Al McMurray and two children, of Pittsburg, and Mrs. Hiram McMurray, of Hammonds Station, are the guests of William McMurray, of Fourteenth street.

The three Italian lads who were given a hearing yesterday morning and pleaded not guilty, in the afternoon pleaded guilty for convenience sake. Each was fined \$4.60, which was paid by friends.

NO BUSINESS DONE

U. P. Presbytery When It Met Had Nothing to Act Upon.

Although a special meeting of Steubenville presbytery was called at the First U. P. church yesterday afternoon, no business was transacted. Rev. W. R. Campbell, pastor of the Calcutta U. P. church, was to have presented his resignation at the meeting yesterday, but he failed to appear at the meeting. The resignation of Rev. P. J. White, of Bloomfield, was also to be acted upon, but nothing was done in this case.

Another meeting of presbytery will be held in October, at which time the Ohio synod will also meet in this city.

ROAD IMPROVEMENT

ST. CLAIR TOWNSHIP CITIZENS MOVING TO GET IT.

A Petition in Circulation Looking Toward Another Vote on the Question.

It is practically assured that Calcutta road will be improved, so far as the residents of St. Clair township are concerned. Some time ago the announcement was made that D. J. Smith, of St. Clair township, was circulating a petition for the purpose of securing signatures, asking for improvement of certain road or roads in the township. The petition now contains 78 names, at least it did at noon, and will have more before it is presented to the county commissioners.

It will require about \$16,000 to complete this improvement, and it will require a majority vote of the taxpayers of the township at the coming general election to decide whether the bonds shall be issued. At present matters are progressing most favorably, and it is the general opinion of those living in the township that the vote on the bond issue will be favorable. The bond election will be held at the November election.

PRIVATE SCHOOL

Which Is to Be Established at Thompson Park Will Open Early Next Month.

The private school which will be established by a number of families residing north of Thompson park will be opened about the first of the month. This was announced last evening by one of the persons who is interested in having the school established. It is now thought that more children will attend the school than was first thought, and every thing will be done to make the venture a success.

The cost of tuition has not yet been determined, but this matter will be settled at a meeting of the mothers, to be held the latter part of the week.

CRUSHING DEFEAT FOR THE Y. M. C. A.

Jamestown Had Things Pretty
Much Its Own Way in Yes-
terday's Game.

MANY EXCELLENT PLAYS

Were Made By the Visitors, And the
Locals Sprang a Few Surprises.
Several of the East Liverpool Team
in the Lineup.

It was an awful defeat. They simply walked away with the game. At no stage did the Y. M. C. A. have a particle of show. The Jamestown aggregation beat them at every point. Before the inning was finished the grand stand, which was pretty well filled at the start of the game, was deserted by the disgusted fans. They walked from the park declaring that it was a farce if there ever was one.

However, those present acted very discourteously. They certainly got their money's worth from the game put up by the visitors. Combination plays were very common occurrences with them. Doubles and triples they gleamed satisfaction in making. Of the whole bunch but one man displayed inefficiency. He was their raw-boned twirler. But he had such excellent support that it made no difference how he delivered them.

What the locals would have done had it not been for several of Manager Walsh's men is hard to state. Tommy Davis at first; Fred Heckathorn at third; and Harker, an ex-player of the East Liverpool team, made a real nice showing. They played just the same as if they were in West End park.

McNicol at second spent most of his time in running from the balls or at least not in an attempt to intercept them. He did, however, get a couple and at one time sprang a great surprise. He really did get a hit. Well, it was counted a hit, but the ordinary player would have stopped dead still and allowed himself to be called out in preference to running.

Billy McNutt, one of the greatest fielders of the age, had but one opportunity to display his worth. He accepted it and would likely have got a dozen had they gone into his territory. Just why he stood like a sphinx when a little fly landed at his feet will never be known. He acted like one hypnotized. Billy is all right and is indeed a comer.

There was one home run knocked. Joe Carey was responsible for it. It was due to that terrific run that he adopts when chasing a ball. This time McKinley landed one in shallow left field. Joe was playing deep and made a great attempt to place his mitts on the ball. He fell just as he reached madly into the air. The result was that before he recovered the ball had covered sufficient ground to let McKinley walk over the plate an easy winner.

Himey Davis undoubtedly played a hard game. And he has them all skinned a mile when it comes to get-

ting a man at first. Some way or other though he cannot cut out that fault of dropping a few.

Rising, one of East Liverpool's graduates, who played with them only last year, but who has played this season with New London, Conn., was in the game for the visitors. He played in center field. He will be in the game today and will also be one of the lineup that tackles the Washingtons next month.

The visitors made the most of their runs in the first three innings. Seven hits were made in the three, and five runs. The locals accumulated eight hits during the entire performance and one run. That they got in the sixth.

HOME AFFAIRS.

Brief Notes of a Personal Nature and of Matters About Town.

Married Last Night—Albert J. Cash and Emma F. Skinnell, both of this city, were married last evening by Rev. Dr. Clark Crawford at the M. E. parsonage. They will go to housekeeping in this city.

Condition Critical—Physicians attending Sherman Moneybenny, of Second street, who has been suffering with hemorrhages for several days, have, it is said, given up all hopes of his ultimate recovery. His condition today is quite low.

Finance Committee Meeting—Clerk Willis Davidson this morning mailed notices to the members of the finance committee of council that a meeting will be held at city hall tonight. No details are given, but as President Nice is chairman of the committee it is probable he will be present and explain the purpose for which the meeting was called.

Old Fashioned Picnic—A number of members of the Woman's Relief Corps left this morning for the home of Mr. and Mrs. Frank E. Conkle, on the Moore farm, near the Bell school house, where they spent the day attending a basket picnic and an old fashioned corn roasting. The corn was roasted in the husks, just as the soldiers in the civil war cooked it. It required several hacks to take the ladies to the country.

TEACHERS' MEETING

University Extension, the Reading Circle And Other Matters Discussed.

Prof. R. E. Rayman held a very interesting and helpful meeting of all the teachers in the corps yesterday afternoon. Prof. Rayman opened the meeting by reading the twenty-fourth Psalm, followed by a prayer. He then talked with the teachers concerning reports, written and oral work in their schools, as well as the assignment of work.

After he had presented many helpful suggestions in the form of a systematic outline, and encouraged his corps of teachers to ever keep their work systematically prepared ahead, he talked upon university extension work.

The superintendent stated that the first of the series of lectures in the university extension work would be delivered on the evening of October 8. The meeting then adjourned after some interesting remarks concerning the teachers' reading circle.

Lots of 'em today. Nice, big, delicious ones, by the bushel. Order by telephone. We will deliver them. HEDDLESTON BROS.

union between the Democratic party and the Labor party.

Referring to the Labor convention he said the delegates were honest in their motives and sincere in their actions, although they had been indiscreet. He stated that inasmuch as the Democratic party had always stood for organized labor that labor should have consulted Democracy before making a nomination. He urged a uniting of the Labor and Democratic parties.

Temporary organization was effected by the hearing of reports from the various counties represented. At 12:15 the convention adjourned until 1:30 without accomplishing much business. At 12 o'clock it looked as if the convention would nominate a Democrat for congress other than Thomas J. Duffy, of East Liverpool.

Columbiana county had 39 delegates present at the caucus which was held in the parlors of the Chase House. Salem is represented by 15, East Liverpool by 5, and the scattering townships take up the other 19. The late arrival of the Salem delegates delayed the work of the convention.

There were some warm speeches made at the caucus, before the following organization was effected: W. J. Foley, of East Palestine, chairman; M. E. Miskall, of East Liverpool, secretary; Bert Renkenberger, of Columbiana, member of committee on permanent organization; M. E. Miskall, of East Liverpool, on credentials; E. P. Speidell, of Hanover, rules and order of business; O. C. Juergens, of Salem, resolutions.

The names of P. S. Arnold, Leetonia; J. J. Weisand, East Liverpool, and D. D. Kirby, of Salem, were voted upon for congressional committeemen, two to elect, and Arnold and Weisand were chosen.

There was a lengthy discussion when a motion was made in the caucus to pledge the support of the Columbiana county delegation to the nomination of T. J. Duffy. The motion was amended to make it an endorsement and this amendment was later amended declaring it to be the sense of the delegation that a Democrat be nominated for congress. Speeches were made all around on this matter, the Salem and East Liverpool delegates taking an active part. Finally the amendment that the delegation stand as a unit for the nomination of a Democrat carried by a vote of 20 to 7.

Speeches made in the caucus on the motion indicated that the Columbiana delegation was strongly in favor of nominating a Democrat other than Duffy, as he could not accept the Democratic nomination, having already pledged himself on the labor platform.

ing given he told 'Squire McCarron, before whom the warrants were issued, to get the officers of the city on the search for Mayes, it being generally believed that Mayes is not far distant. The prosecutor's order was made in the hope that by the combined efforts of the full complement of city officers that the man may be apprehended.

If Mayes is arrested and taken before the grand jury, it is thought that he can offer some evidence that will assist materially in the conviction of McIntosh. All of the witnesses who will appear to testify in Mayes' case will also be questioned as to the cutting.

The prosecutor states that if McIntosh is at large after the testimony of witnesses is heard he will have identification cards printed and distributed in every county in the state and hopes by that means to finally land McIntosh.

He Left Them.

On the afternoon of Winslow's departure for Denver he was paying his bill, when he called Willie, hanging fascinatingly near.

"I want you," he said slowly, glaring into the boy's eyes, "to go upstairs and see if I left my toothbrush and comb in my room. Toothbrush and comb, toothbrush, toothbrush, toothbrush! Don't forget what I want, boy, and hurry, too. Got to get my train."

"No, sir; y-yes, sir," chattered Willie. Winslow hung about impatiently, watching the clock like a hawk. Only two minutes to spare. Just as he caught up his bag to depart Willie came on a dead run across the floor, his face aglow with the sense of a lofty mission well performed.

"Yes, sir," he cried eagerly, "you left 'em!" Winslow gazed at his empty handed emissary. His lips moved, but no words came forth. Then, with an inarticulate snarl, he stepped into the waiting carriage.—Kansas City Journal.

SMALL SIDE SHOW OF TOM JOHNSON'S SINGULAR CIRCUS

Democratic Convention at Alliance Slimly Attended—Outlook For Duffy's Nomination Not Bright.

Alliance, September 16.—(Special.)—The Eighteenth Ohio congressional district side show to Tom Johnson's circus exhibited here today to a small audience. In other words, the Democratic congressional convention met to consider the congressional situation.

The convention opened at 11:55 o'clock in the opera house. There was at that time 67 delegates present. Thirty were from Columbiana county and an equal number from Stark county, and seven present were from Mahoning. S. L. Clark, of Youngstown, chairman of the Democratic congressional committee of this district, opened the convention with a speech. He denounced the Salem convention which nominated Kennedy as being dominated by the money power. He

said the convention was not a representative one; in fact, that hush money was in evidence by the thousands. He spoke for 15 minutes and then named James A. Wright, of Canton, to be temporary chairman of the convention.

Mr. Wright took the president's chair, and stated that he desired to make a short speech. He mentioned Mayor Johnson's name, which brought forth applause. He said 16 to 1 was not an issue this year, but that the Republican party failed to meet the Democrats on the question of the hour. He stated that taxation is the dominant issue in Ohio today.

He claimed that the Labor convention held in Alliance recently was a mistake, and urged that there be a

A DOUBLE TRACK TO ROCHESTER

Aim of the C. & P. to Complete the Work as Soon as Possible.

It is now a settled fact that the Cleveland & Pittsburgh railroad is to be double tracked from Wellsville to Rochester, and just as soon as possible the work is to be done.

This was the statement of an official of the Cleveland & Pittsburgh to a reporter for the News Review this morning. It was also stated that the contract for the laying of the rails had been let, and as the company does most of the grading itself it could not doubt be done quicker than if placed in the hands of a contractor. It was stated at the same time that it was the intention of the company to have the road double-tracked by April next, and as a part of the road between this city and Rochester is already double-tracked, or at least long switches are laid, the work in not going to be such a task as one would suppose.

Work on widening the bridge near

the Golding Flint mill is progressing rapidly, and the making of the concrete foundation for the stone abutment on the east side of the bridge was completed yesterday. Everything is now in readiness to commence the laying of the stones.

Last Saturday afternoon one of the old fashioned Ft. Wayne engines, No. 182, was in use at this bridge, and a sight it was. It attracted more attention than the most up-to-date engine on the road would, because of its antiquity. This engine could be placed inside of one of the large "cruisers" now in use on the Cleveland & Pittsburgh road, and it would never be noticed. The engine was placed at the disposal of the contractors, to be used for shifting purposes, and by so doing the company is saving its regular shifting engines for other yard work.

CHAFINVILLE MAN HAD HIS TROUBLES

Had a Couple of Small Boys Arrested Because They Pelted Him With Tomatoes.

BACK TO HIS NATIVE HILLS

The Mayor Advises Him to Go And Cease Playing With Children—Woman Who Was Called a Hen Wants Tormenters Arrested.

Chafinville broke loose at the city hall again this morning. Those who appeared before the mayor from that district were Hugh Kane, J. D. McMurray, Andy Fisher, Clemens Demmerling and Mrs. Barbara Demmerling.

Kane, it seems, was on the war path last Saturday night and finally met trouble. He engaged in a lively fist with an unknown fellow who is now in hiding among his friends in Kentucky, and who got a little the best of the scrap. The mayor decided that Kane was the aggressor and fined him \$5.00.

McMurray is a long, skinny individual hailing from Jackson county, W. Va. He is 21 years of age, but certainly does not show that many years of battling in the big world by his actions. Little boys are his chosen companions. He evidently chooses them because of the sport he can have at their expense. While preparing his toilet for supper at the home of William Wolf he was struck on the side of the head with a soft tomato. He thrust his head and shoulder out of the window to ascertain whence came the missile. He is now sorry that

he did.

Almost instantaneously his face was spattered with another fusillade. Blind with the decayed juice he fell backward on the floor. Recovering he ran down stairs and found that Demmerling and Fisher, neither of whom is more than 10 years of age, had thrown the tomatoes. A fierce battle was then instituted, and before it was squelched many families had got their feet in it. Each of the trio got \$1.85.

The mayor severely reprimanded all, but he dealt more upon the case of McMurray, telling that man that he had better find his way back to the West Virginia hills. "That is where such people as you belong," said he. "There is a certain class of you immigrants that know nothing about civilization, and it seems to be that you will never learn. Yes, young man, you had better pack up and get back."

Mrs. Demmerling was not in court to answer to a charge. She simply had a complaint to register. "I tell you, mayor, these people from 'down yander' are the worst I ever saw. They had insulted me time and again. Every time I go past a certain house up there some one yells: 'Hello, there, old clucking hen.' I cannot stand it, if it please your honor, and I want something done."

She was told to get witnesses and then a warrant would be issued.

A PLEASANT TRIP

Had the Sons of Veterans Who Went To East Palestine Last Night.

Four carriage loads of young men, members of Gen. Garfield camp, No. 3, Sons of Veterans, paid a fraternal visit to the camp at East Palestine last night, and had a most enjoyable time. A number of brief addresses were made and the evening until midnight was pleasantly spent.

While in session last night the East Palestine camp pledged its undivided support to J. J. Rose, of this city, for division commander next year.

Mr. Osgood is the young financier who recently locked horns with John W. Gates in a great contest for the control of the Colorado Fuel and Iron company. Thus far Osgood has succeeded in preventing Gates from securing control of the company.

OFFICERS SEEK FOR GEO. MAYES

He Is As Much Wanted As Albert McIntosh For the Part He Took

IN GRIM'S BRIDGE FIGHT

Constable Has Followed Several Clues But Has Been Unable to Locate Him—City Officers Now Requested to Aid in the Search.

Albert McIntosh, the young man charged with the cutting of Albert Thompson in the fight following the dance given at Grim's bridge on Saturday night, September 6, is not the only man implicated in the melee that is a fugitive from justice.

While it is not generally known—in fact, is known only to a select few—George Mayes is and has been wanted almost as badly as McIntosh. Mayes is the fellow that pointed the gun directed at Frank Crawford and fired, the bullet passing within an ace of Crawford's head.

At the same time that a warrant was issued for McIntosh one was also issued for Mayes, charging him with shooting with intent to kill. Both warrants were placed in the hands of Constable Gill and he has been on the search of both men, looking for one as ardently as for the other.

Upon several occasions the constable has been on a close track of Mayes, but the fugitive has foiled him in his every attempt. Last Saturday night a brother of Crawford informed Gill that Mayes was in the city and directed him to the spot where the accused was in hiding. The officer went immediately to the place, but found that his bird had flown only a minute before-hand.

For reasons best known to himself the constable has kept the matter to himself, but since an order issued by Prosecuting Attorney Brookes this morning the story has gained circulation. Attorney Brookes has been in possession of the facts for several days and has been patiently waiting for either of the fugitives to turn up.

No report of their whereabouts has been received.

CODE COMMITTEE DOWN TO WORK

Talking the Nash Code as a Basis the Body Is Busily Engaged.

THE ONE-MAN BOARD PLAN

Is Finally Decided Upon as Best—Out-And-Out Home Rule Scheme Voted Down—A Variety of Interesting Problems Considered.

From a Staff Correspondent.

Columbus, September 16.—The House code committee began work in earnest yesterday. The Nash code was adopted as a working basis, it being understood this action would not bind the members. After it had been adopted the board plan it provided for was rejected. Instead the plan of having one-man boards was agreed upon. By this cities will have a mayor, a council, a director of law, a director of accounts, a director of public works and a director of public safety.

The proposition to give cities out-and-out home rule was voted down when the motion providing for municipal conventions was killed. The Republicans declared it was unconstitutional.

A board of educational matter was laid over by the committee. A special committee will investigate and report what should be done. It is believed the school law will be changed but little.

The question of the redistricting of cities by council was taken up, but was not settled. A proposition that boards of election redistrict when councils fail was referred to a special committee.

The question of compensation for councilmen came up, and it was suggested that it would be unwise to permit councils to fix their own salaries. A special committee will consider and report on the matter.

In the matter of the appointment of officers by council, the board of health matter was raised. The Nash code was amended to meet the opinions of the members that there should be a board of health in each city. Later the committee will provide for boards of health as they now exist.

PAINTED A BOY BLACK AND WERE FINED FOR IT

Charged with assault and battery, that being the only head under which the charge could be made, John Hanselman, aged 19 years, and William Haney, aged 17 years, both employed in the packing shed at the Globe pottery, were arraigned before Squire McCarron, in the presence of 15 interested ones last evening.

After hearing the evidence against them they pleaded guilty and each was fined \$2 and costs. They escaped luckily. Before dismissing them the squire warned them that if they are ever brought before him on a similar charge he will suspend sentence and give the court at Lisbon a chance to meet out justice in their cases. That would mean at least \$25 and 30 days to the works.

Mrs. Dora Martin had the warrant issued for the arrest of the fellows. Her six-year-old son Richard struggled home at noon on last Saturday. He was suffering much pain and crying piteously. When the mother asked him as to the cause of his wailings he replied that two boys had seized him; hustled him off to the packing department of the Globe pottery and there applied black paint to his body, disfiguring it to such an extent that he was no longer a white boy, but a real African. "And, mamma, it hurts me awfully, too," said the boy.

Mrs. Martin's ire was aroused. She did not wait to ponder over the case. Her boy had been treated like an Indian warrior and the law she must have. Into Squire McCarron's court she ran. She told the court in detail the cause of her coming. Warrants were issued and the painters arrested by Constable Gill.

LOST HIS POSITION BECAUSE HE PRAYED TOO LOUD AND LONG

How a Young Man of a Deeply Religious Turn Came to Be Discharged By His Boss.

Glenn Gilliland, a young man of 19 years, was discharged yesterday from the packing department of the Brunt Porcelain works, which is in charge of Boss Packer De la Vallerie.

It is alleged that he was discharged because he was too religious and had a habit of devoting a portion of the noon hour to prayer.

Gilliland is a faithful, conscientious and consistent worker in the Free Methodist church of this city, and when the pastor, Rev. J. W. Howard, was apprised of the facts in the case he became indignant. To a reporter this morning the minister said:

"The potteries allow loud swearing and other outbursts of vile language to be uttered in the works, but when this young man attempted to devote himself to prayer a protest was raised and he was discharged. It is an outrage. The whole world admires a man who will stand up for his religion and confess Christ openly."

The boss packer when interviewed acknowledged that he had discharged Gilliland and gave his side of the story as follows:

"Gilliland applied to me for work about a month ago. I liked his general appearance and hired him. He started in with a hearty good will and for a few days worked very hard. Near the end of the first week I noticed that he, instead of applying his time wholly to his work, devoted many minutes to deep thought. A few days later it became apparent to me what his actions meant. He was laboring under the pressure of too much religion."

"At times when he should have been at work he interrupted other employees in asking them of their spiritual condition. I knew that this could not be tolerated and told him, upon entering the shop, to leave his religion at the door; attend faithfully to his work during the day and at night outside do as he pleased. He replied that his religion was more to him than his work."

"Shortly afterwards at the noon hour he would hie away to the garret and for fully thirty minutes would engage in most fervent prayers. He prayed loud and long. His voice could be heard a block away. This he continued every noon until, after warning him numerous times, I could stand it no longer and ordered him to go to the office after the money due him."

FOR OHIO RIVER IMPROVEMENTS

The Movement, Popular and Promising, Attracting Much Attention.

Agitation for the slackwater of the Ohio river continues with a persistency which cannot fail to bring the success it merits. John G. Wallace, connected with the Merchant and Manufacturer, a Cincinnati publication, arrived in the city this morning, and is busily getting data and interviewing prominent men. It is the intention of the Cincinnati people to go into the convention soon to be held at Parkersburg prepared to furnish all the information that it is possible to obtain, relative to the advantages of a system

of dams in the Ohio to the manufacturer and business man.

Secretary Wilson, of the association has called the convention for Oct. 11th and 12 and the most important point just now is to have representatives present at that meeting from every city, village and hamlet not only directly bordering upon the Ohio river, but from territory for miles inland.

East Liverpool is looked upon by all who have interested themselves so far as being one of several cities where

His Hostility to Corporations Well Known and Has Cost Him Much.

HIS RECORD AN OPEN ONE

All His Life He Has Been on the Side of Men Who Toil—A Story About a Resolution That Is Strenuously Denied.

James Kennedy, the Republican candidate for congress in this district, has again placed himself on record regarding labor and its interests. The position he takes in the interview which was published in a Democratic paper, the Alliance Leader, is the same that he has occupied for years.

Mr. Kennedy was at Alliance to attend the funeral of the late W. H. Phelps, who before the Salem convention was one of Mr. Kennedy's opponents for the nomination for congress. A reporter of the Alliance Leader told Mr. Kennedy that T. J. Duffy, a candidate for congress, claimed to be endorsed to some extent by labor unions. Mr. Kennedy was surprised at this.

"I had supposed," said Mr. Kennedy, "when I was nominated, that if there was to be any organized opposition outside the political parties to my candidacy it would come from the corporations. I had supposed that every one knew of the war I had waged against corporations and corporation influence, in the courts, in the press, in the legislature."

WITH THE WORKMEN IN THE CLAY PLANTS

AN EXCELLENT PLAN.

The glost, biscuit kilnmen and dippers employed at the Laughlin plants, No. 2, and No. 3, held an informal meeting this morning at lunch time, the purpose of which was to take the first steps toward organizing a beneficial organization. The cause is a most worthy one, and the idea is now in force in a number of potteries throughout the city and district. One day last week the employees of these departments of the big plant circulated a subscription paper for the benefit of William Call, of the West End, who was employed as a kiln drawer at No. 2, and who has been unable to work for many weeks on account of illness. The collection amounted to about \$30 in just the two departments, and the money has been presented to Mr. Call, who will soon be able to return to work. While the paper was in circulation an idea struck one of the glost kilnmen—that of forming a beneficial association. Every kilnman thought the plan a good one and suggested that a meeting of the kilnmen and dippers be held. This was arranged for, and the meeting was set for this morning. By-laws and constitution were secured from Secretary James Noah, of the association at the National pottery, to be read at the meeting. It is said that the association at the National is the strongest and one of the best of its kind in the city, and is doing some good work. It is for this reason that one is to be organized at the Laughlin plants. The association, if formed, will have a good membership to start with, and will be operated practically on the same plan as that at the National. At the National, all workmen are entitled to membership, but the plan as being considered at the Laughlin is to include the glost and biscuit kilnmen and dippers, and also the kilndrawers. The dues are of course small, and the good that is to be accomplished is two fold. Such associations as these are deserving of the greatest success.

JIGGERMEN'S MEETING.

At a meeting of Jiggermen's local No. 12, which will be held in Brotherhood hall this evening, a report from the committee appointed several weeks ago to form a limit to a day's work will be heard. It is within the range of possibility that the local will adopt a scale used at the Ford City pottery, which follows: "That the working hours of the members of local union No. 52 shall be from 7 a. m. to 12 m., and from 1 p. m. to 6 p. m. No work shall be done between the hours of 12 a. m. and 1 p. m. No work to be

done after 6 p. m., only with the permission of the shop committee." The penalty imposed for the violation of the above law is \$1 for the first offense, \$2 for the second offense and \$3 for the third offense, and for each succeeding offense reported at a regular meeting a fine of \$3. No fines are to be remitted unless sanctioned by a two-thirds vote of the members present. About the only difference in this resolution and the one being considered by No. 12 is that work shall cease in the jigger shops at 5 p. m.

THIS IS INDEED NEW.

East Liverpool will soon have a little business enterprise the like of which has never been thought of. Several prominent young men of this city employed in the decorating departments of some of the largest potteries in the city are about to organize a company the purpose of which is to decorate high class china, and other ware. The young men have let the contract for the erection of a small kiln, and this is now in course of construction. Within a week or so they will commence to decorate ware. For they are decorators, and china painters of no mean ability, and their work is sure to be well done. Of course it will all be done at night, but what is the difference, just so long as the results are obtained? In this manner a good business can be built up, and it may not be long until the young fellows have a business that is paying well, and will not have to work by the week. They will also do work for the potteries on special lines, and with a large amount of orders on hand for private work, their success is assured.

MEMBERSHIP IS INCREASING.

Kilndrawers' local No. 17 held another interesting meeting Saturday evening in Brotherhood hall. Two applications for membership were received, and two new members were obligated. Other matters of importance were also considered. The membership of this local, which only a year ago was very small, is now steadily increasing. It will be remembered that early in the year officials of this local asked for that "old guard" from No. 9, to assist in increasing the membership of the local, and their work has had a telling effect, even unto today. It is seldom a meeting of this local is held but an application or so for membership is presented, and the local now has a membership close to 200.

INDUSTRY FLOURISHING.

It is possible there has never been a time in the history of brick and sewer pipe making in the Ohio valley when that branch of industry was in

a more flourishing condition than exists at the present time. Not only does this benefit the manufacturers, but the workmen as well are profiting quite largely because of this state of affairs. It is a matter of fact that workmen in that district were never as well paid as at present, and there is also an abundance of work for all.

THEIR BOILER ARRIVED.

The boiler, ordered some time ago by the officials of the East Liverpool Brick Manufacturing company, was received in this city Sunday, and yesterday morning was delivered at the plant. It is now being unloaded from the cars, and in a day or so will be in place. Considerable machinery has been received at the plant within the past week, and with everything in the firm's favor, may be able to start the new plant sooner than was expected.

DOING SOME BUSINESS.

A writer for an eastern trade paper has this to say of the imported goods: "The road business with English earthenware is brisk. Nearly all the heads of New York houses are now on tour. Their frequent letters to the local offices are unvaryingly encouraging, and almost without exception they express the belief that there will be a fair fall trade in English goods. The visiting buyers, too, have left some desirable orders here."

SIMMERS TALKS TRADE.

F. I. Simmers, connected with the branch office of the National Glass Co. at Chicago, dropped in the general offices of the company at Pittsburgh last week. He gives a good report of the situation at Chicago and says prospects for the fall are bright. Mr. Simmers was formerly connected with the East Liverpool Pottery company before that concern was absorbed by the East Liverpool Potteries company.

BOUGHT FROM RECEIVER.

Papers incorporating the Central New York Pottery Co. have been filed. The capitalization is \$60,000. Herman Bartels, Sr., Herman Bartels, Jr., A. A. Howlett and Francis H. Gates are the incorporators. The latter held a mortgage for \$9,800 upon the Chittenango pottery, and at a recent receiver's sale bought the property for the amount of his mortgage. It will be enlarged.

WILL BE PIN BOY.

Just as soon as William Call, of the West End, recovers sufficiently to allow him to return to work, he will be given a position of cleaning saggars for Mr. Elliott's glost kiln crew at Laughlin No. 2. He has been suffering with typhoid fever. He was employed as a kiln drawer at this plant before he became ill.

CONVENIENT TO SEBRING.

The new electric railroad from Alliance to Sebring was opened last week. This will be a great convenience to the large number of operatives of the Sebring potteries who live in Alliance owing to the want of a sufficient number of residences at Sebring. Business at Sebring is reported to be moving satisfactorily.

WILL BE MARRIED.

Cards are out announcing the engagement of Miss Emily P. Magowan, daughter of Frank A. Magowan, formerly president of the Trenton Pottery company, to Wesley Warner Burden, of New York city. Miss Magowan's clerical position in the clerk in chancery's office at Trenton will be taken by her mother.

ON HIS VACATION.

Samuel J. better known as "Doc" Ferguson, general manager of the East Liverpool Potteries company, is now off duty on his two weeks' vacation. Mr. Ferguson has been "constantly at it" ever since the East Liverpool Potteries company was formed, and his rest is deserved.

BUSINESS IS BRISK.

Cartwright Bros. report a full line of orders and their increased capacity fully employed on the demands of their patrons. Wm. Cartwright is still under a specialist's care at Pittsburgh, but gradually improving, with good prospects of an entire recovery.

A NEW CONCERN.

West Virginia Queensware Co. is the name of a new company just entering the field at Huntington, W. Va. Their letter-head reads "manufacturers and jobbers."

COMPANY INCORPORATED.

The Buffalo pottery, Buffalo, N. Y., has been incorporated with a capital of \$50,000. Seven buildings are being erected and about 300 men will be employed.

SUFFERED FOR YEARS.

J. R. Sietles, ladies and gents' tailor, Tiffin, Ohio, writes: "I have been a sufferer from general debility, liver and kidney complaint, chills and fever, headache and lameness of the joints, cold hands and feet. I was a physical wreck; had been treated by some of the best doctors as could be found, and taken nearly all kinds of patent medicines, but it all availed nothing. I have spent hundreds of dollars trying to find a cure. This is a case of twenty years' standing. I got so far gone that I could not work more than six or eight hours per day, and would become perfectly exhausted. I was recommended by Messrs. Clyde & Larey to try your remedy, BLOOD WINE, which I am glad to state has proved very satisfactory. I have gained strength, health, vigor, and am able to carry on my daily labor with the greatest ease. I would say that if this should reach the eyes of any sufferers from such complaints they should try BLOOD WINE, which is a safe and a sure cure, full of toning value, without danger of disturbing the action of the heart or stomach. I thank you, gentlemen, for the restorative power contained in BLOOD WINE."

RECOVERED HIS CASH

Will Andrews Mourned the Loss of \$25 for a Day. Then It Came Back.

For almost 12 hours yesterday Will Andrews, of First avenue, mourned the loss of \$25, then it was returned to him and today he is covered with smiles. Saturday afternoon S. Mullins, an employe of Mr. Andrews, made some collections, and as the money was all in bills the amount was immediately given to Mr. Andrews. Yesterday as he was driving to his ice house along Pennsylvania avenue, the money, just as it was given to Mr. Andrews by Mr. Mullins, in some manner dropped from his pocket. He did not miss his loss until in the afternoon, and then made the fact known to his other men.

The next person to follow Mr. Andrews to the ice house was Mr. Mullins, and he saw the money lying in the road, two tens, two twos and one one-dollar bill were picked up. Nothing was said of the finding of the money until in the evening, when Mr. Andrews commenced to worry somewhat over the loss. Mullins thought it would be too bad to keep his employer in suspense any longer, and gave him the money he had found. Mr. Mullins refused a large reward offered him by Mr. Andrews.

The first necessity of athletics is a sound stomach. Food is the source of all physical strength, but to extract and assimilate the strength from food requires that the stomach and other organs of digestion and nutrition should be in a condition of good health. What is true of the athlete is true of every man and woman; physical health and vigor depend upon the digestion and assimilation of food.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition, and by enabling the perfect digestion and assimilation of food, builds the body up with solid flesh and muscle.

"I used ten bottles of Dr. Pierce's Golden Medical Discovery and several vials of his 'Pleasant Pellets' a year ago this spring, and have had no trouble with indigestion since," writes Mr. W. T. CONTRACT FOR PAINTING

East End Fire Station to Be Painted By the City at a Cost of \$58.

The East End fire station is to be painted, and at once. This has been the desire of the fire committee of council, and what they desire is generally accomplished. A few days ago the committee advertised for bids for the painting of the station and practically every painter in the city entered bids. There were 12 bids and when they were opened by the committee, consisting of Messrs. Orr, Horwell and Thomas, it was found that the cost of painting the outside of the building would be anywhere from \$58.50 to \$100.

Then the committee tabulated the bids and found that Contractor Albert Dinerstein, of the West End, was the lowest bidder, he offering to do the work for \$58. Accordingly the contract was given to him. The work will commence at once, and will likely be completed in two weeks. A dark color of paint will be used.

P. H. C. Circle at Calcutta.

Representatives of the East End branch of the Protected Home Circle, who have been spending a few days in Calcutta, organizing a new circle, have met with unlooked for success and the new circle in Calcutta will, it is thought, be organized next Monday evening. It will have a membership of about 30 to start with and will be organized by District Deputy Organizer Frank D. White, of the East End.

EAST END AFFAIRS.

Mrs. H. H. C. Hammerton and children, of First avenue, spent the day in Pittsburgh.

Harlow McAfee, of Railroad street, who has been seriously ill with typhoid fever for several weeks, has recovered, and is now able to be out.

L. W. Healy, manager of the East Liverpool Railway company, who has been spending several weeks' vacation in the east, returned to the city last evening.

Laughlin, the young son of Mr. and Mrs. Hayes, of Erie street, who has been ill with pneumonia for a few days, was somewhat improved this morning.

Mrs. H. H. Duley, of the East End, whose business stand was recently sold, called at this office this morning and said that nothing was found in their store that would cast a reflection upon its former owners.

At a meeting of the Tribe of Ben Hur, which was held in the P. H. C. hall on First avenue last evening, three new members were initiated. Several applications for membership were considered and these will be acted upon at the next meeting.

Mrs. Rosenthal, of Cincinnati, who has been visiting at the home of her daughter, Mrs. D. J. Hymes, on St. George street, for several weeks, will leave this afternoon for Pittsburgh, where she will remain for a few days visiting relatives. From there she will return to her home.

All the old green cars of the East Liverpool street railway have been prepared for winter service, and it will be but a week or so until these cars are placed on the road to take the place of the summer cars which have been in use for several months. The platforms and floors of these cars have been repainted and the cars present a very clean appearance.

Women and Jewels.

Jewels, candy, flowers, men—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous effort to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Boschee's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial troubles. You can get this reliable remedy at Charles F. Craig's. Get Green's special almanac.

SALINEVILLE

Salineville, September 15.—The saw mill of Henry Taylor, on the Daniel Smith farm, three miles from town, was slightly damaged by fire last Friday night. The loss will probably not exceed \$50.

Dr. John Lindsay has accepted a position in one of the city hospitals of Cleveland.

The Carroll county fair is announced for October 9, 10 and 11 at Carrollton.

The brick walls for the new pottery are about completed to the second story of the main building. The large boiler is being set in the engine room and the huge stack is on the ground ready for setting up.

Fred S. Bunn, who has been prostrated the past five weeks with rheumatism, was on the street Sunday for a short walk. He is recovering very slowly. His wife is able to go about again.

Mrs. Clare Kirk, of Los Angeles, Cal., after a visit of some months, started for her home Monday evening.

Gamble Peterson, of East Liverpool, has accepted a position as superintendent of the New Dresden White Ware pottery of this city. Mr. Peterson was raised near Bergholz.

Allison D., eldest son of W. A. Thompson, left in company of his father to enter the college at New Wilmington, Pa.

The little daughter of Mr. and Mrs. Helms, the jeweler, by a fall one day last week, sustained an injury to one of her arms. She now carries it in a sling.

Another lecture course for the coming winter is in prospect for the people of Salineville.

Mrs. Dr. Ed Russell, of Alliance, was a visitor recently at the home of Mr. and Mrs. James Russell. It was the ninety-fourth birthday of her aged father-in-law, Mrs. Russell.

Harry E. George, of New Albany, arrived home one day last week for a visit with his parents near East View. J. B. Van Fossen, of Norristown, was doing business in Salineville Saturday.

An American Company Succeeds in Putting the Best Elements of the German "Traubenkur" or Grape Cure in Cheap Convenient Form for General Use.

Good News For Sufferers From Dyspepsia, Constipation, Liver Troubles or Nervous Exhaustion.

It is estimated that five million dollars were spent last year by Americans in visiting the world-famed Traubenkur or Grape Cures of Germany. Their startling cures of Stomach and Liver Troubles and General Exhaustion have stirred the medical world, and forced physicians to recommend them and admit their wonderful work. I could not give the Grape Cure as the most potent factor in modern medicine. The Lightning Medicine Co., of Rock Island, Ill., after years of scientific experiment perfected.

MULL'S GRAPE TONIC

an invigorating re-builder, the basis of which is the Juice of the Grape, combined with herbs and fruits. It is nature's own tonic and builder. It combines all the best elements of the Traubenkur, and is now placed on general sale in drug stores at only one bottle. It means more to the sufferer from these diseases than any departure in medicine of the age. You can be convinced at once, because the first dose benefits.

MULL'S GRAPE TONIC CURED ME.
HENRY CLARK, Denny, Ky., says: "The cause of my sickness was indigestion and constipation, with liver and kidney trouble so that I finally got into bad shape. Mull's Grape Tonic cured me. A change for the better always takes place right after the first dose."

We not only recommend Mull's Grape Tonic, but our faith in it is so unlimited that we will in all cases refund the money in full to all purchasers who are not benefited by its use. If used with a little chopped ice it will be found a delicious drink.

Even the Democrats themselves are showing but slight interest in the outcome of the Eighteenth district convention, held at Alliance today to nominate a candidate for congress. It is a waste of effort for the Democrats of this district to hold a convention or to engage in a campaign. Their leaders, or at least those among them who have good judgment, are well aware of the fact, but cannot bring themselves to the humiliation of publicly acknowledging that such is their belief, as they would virtually do by leaving the field altogether. So they will go through the formality of putting up a man to be knocked down. It matters little whom they select; the very best man in the Democratic party in the district would stand no chance of being elected. The people of this portion of Ohio—one of the greatest industrial regions in the whole state—are prospering as never before, and are fully aware that it is to Republican and not to Democratic policies that they owe their prosperity. The protective tariff has built up the industries which keep both labor and capital profitably employed. The Democrats are avowedly hostile to that system and if they could climb into power would at once begin its destruction, sacrificing everything to the theory of free trade or a tariff for revenue only, which is almost the same thing. To vote for a Democratic candidate for congress is to vote to begin tariff tinkering, which will check or stop the currents of business and trade, now in the full tide of magnificent strength. The intelligent citizens of the Eighteenth district know this, and are familiar with the sad story of the industrial conditions that prevailed when Democracy was in power. They believed in McKinley and the principles for which he stood, and will vote for a continuance of the splendid prosperity begun under his administration and continuing under that of his successor. There is but one issue—progress or retrogression—and the Eighteenth district is in no humor to go backward.

Chicago specimens of great men are rather small potatoes in the estimation of some of our British cousins. A telegram from London brings the news that John W. Gates has been barred out of a London hotel because of his promiscuous profanity and equally promiscuous expectation.

Tom Johnson says he is not a candidate for anything except for mayor of Cleveland next spring. He

will have hard work to convince many people that he is traveling with a hip-podrome from motives of philanthropy or from pure love of the circus business.

Emperor William took 200 trunks to the field when he engaged in mimic war. If he were to go into an actual campaign he would probably be accompanied by a freight train or two.

Akron would be delighted if it could take a census on the day that the Republican campaign opens. One of the biggest crowds the town has ever seen is sure to be on hand then.

Bryan told at Toledo what he would have done had he been elected president in 1900. Certainly he would have not been perplexed to find material for loud calamity howls.

The intrepid Peary has been found once more, but it is a safe guess that the pole still remains undiscovered.

WANT TO CONTINUE

As Administrators of the Estate of the Late Abraham Hartley.

Lisbon, September 16.—(Special)—An application was filed in court today with Judge Boone by Linda Hartley and Mary E. Burris to be continued as administrators of the estate of the late Abraham Hartley, of Salineville. Their appointment was made by Judge Boone prior to the time that the lost or destroyed will was probated. A petition had been filed in common pleas court by these administrators asking that this will be held for naught, and they asked Judge Boone to continue the administration of the estate, pending the outcome of this suit.

A new road will be cut around the mill, coming into Lisbon close to the tin mill. When the work is completed the grade will be scarcely perceptible. Work will commence as soon as possible.

FOREIGN MISSION WORK.

Financial Condition of American Board Made Public.

Boston, Sept. 16.—The American board of commissioners for foreign missions has balanced its books for its fiscal year, ended Aug. 31, and yesterday made public the following financial statements:

The expenditures for 12 months to Aug. 31, 1902, were \$741,503, and the regular receipts for the year were \$742,764, leaving a balance on hand Sept. 1 of \$1,461.

The gains of the year have been from legacies and women's boards. The debt of a year ago, amounting to \$102,341, has been entirely cancelled through the redemption of pledges given at the Hartford meeting, last October.

MONEY SITUATION HAD EFFECT.

Stock Market, Monday, Showed Itself Sensitive to Its Influence.

New York, Sept. 16.—The stock market showed itself very sensitive to the money situation and the price movements throughout the day were closely related to the developments in the money market. The firm opening in the stock market was obviously due to the hope that the measures of relief announced by the secretary of the treasury would result in forcing down the rate for call loans. The opening rate of 15 per cent counteracted this influence and induced a general spilling over of stocks all around the room. Money lenders reported that the funds offered at 15 per cent were mostly for account of out-of-town institutions. Several millions reported shipped from Chicago on Saturday were presumably included in these funds.

Meantime the local banks were holding for a 20 per cent rate, which some of them got later in the day, when the out-of-town supply had been absorbed. When the demand for loans had been satisfied some of these banks found themselves with funds still on hand, which they offered in the market and helped to break the rate to 6 per cent. The maturity of a \$15,000,000 installment on subscriptions to the Oregon Short Line bonds issue greatly aggravated the situation and necessitated considerable calling and shifting of loans.

The stock market closed without any actual engagement being announced. The low prices of the day in the stock market followed closely upon the 20 per cent rates for money and the late easing in the money rate resulted in a substantial rally, which wiped out earlier losses in a number of important stocks, but still left fractional net losses in the majority of cases.

Hope It Will Promote Peace.

The Hague, Sept. 16.—The hearing of the claim of the United States against Mexico, growing out of the Plus fund of California, commenced here yesterday before the international court of arbitration. At the opening of the court the Oregon minister, Dr. R. Melvil Baron Van Lynden, in part, heartily congratulated the two over-sea republics on taking the initiative, and hoped the outcome and experience of the court would contribute powerfully to the maintenance of the peace of the world.

The Marquets Intend to Operate Their Newly Acquired Coal Territory.

W. S. and O. L. Marquet, formerly of the Marquet Coal company, were in Chester today looking after their interests recently purchased about the city.

It is their intention to develop the territory at once, and the main object in their visit today was to arrange for the drilling to begin without delay.

A well located on the Cameron farm, a short distance from New Cumberland, which is owned by the Marquets, will be opened up within a few days. The well is all ready to shoot and has been flowing for some time.

Good for 20 Barrels.

The South Penn Oil company has once more been successful in bringing in a good well on the Endie farm, just a few miles south of Georgetown. It was brought in Sunday, and it is thought the well is good for 20 barrels a day. Several other wells which have been located in this district within the past 10 days are expected in before the end of the week.

Preparatory to Paving.

Contractor Alexander W. Stevenson this morning commenced the work of filling the space in between the tracks of the East Liverpool & Rock Springs street railway with gravel, preparatory to the commencement of paving between the rails by the street railway company. The work will occupy about a week's time.

CHESTER NOTES.

Mrs. Mary Jenkins, of New Cumberland, is now cashier at O. O. Allison's.

J. H. Atkinson, ex-prosecuting attorney of Hancock county, was here yesterday to attend the funeral of Mrs. Alex Pugh.

Charles A. Smith, who has been residing in Chester all summer, is arranging to remove his family to Pittsburg. It is expected the members of the family will leave Chester for East End, Pittsburg, some time next week.

Did He Threaten the President?

Cincinnati, Sept. 16.—The police were holding Joseph Schmitz, aged 40, on a charge of loitering, until they could investigate a statement that he had threatened to take the life of President Roosevelt. Schmitz was arrested on Saturday on the complaint of two elderly sisters, who said that he had entered their premises and insisted on staying there. The police were looking for the persons to whom he was said to have made the threat against the president.

Effect of Fruit on the Stomach.

The malle acid of ripe apples, either raw or cooked, will neutralize any excess of chalky matter engendered by eating too much meat. It is also the fact that such fresh fruits as the apple, the pear and the plum, when taken ripe and without sugar, diminish acidity in the stomach rather than provoke it. Their vegetable juices and juices are converted into alkaline carbonates, which tend to counteract acidity.

A Number of Producers Completed in the Beaver County Field.

The morning papers contain the following news about the oil developments in this section:

Between Hookstown and Georgetown Ferguson Bros. have completed their No. 7 on the Joann Ferguson farm, and have a show for a 15-barrel pumper.

In the Turkeyfoot extension, Beaver county, R. E. Brandon & Co. have completed a test well on the Cameron heirs farm, and have a small pumper.

On the Jacob Yeck farm, in the Legionville district, Beaver county, J. W. Adams & Co. have drilled in their No. 3 and have a show for a 25-barrel producer.

PAVING HAS STARTED

Contractors at Work On Important Improvements in Chester.

The work of paving certain streets of Chester in accordance with plans made by the Chester council some time ago was started this morning and it is thought by both Contractors Coates and Freshwater that the work will be finished within three months at the furthest. Contractor Coates, of Rochester, has charge of the paving between the street railway tracks, while the other street paving is in charge of Contractor Freshwater.

The brick for this work has commenced to arrive, and everything possible will be done to rush the work along as fast as possible.

FOR OHIO RIVER IMPROVEMENTS

(Continued from First Page.)

the residents have abundant reason for taking an active part in the actions of the Parkersburg convention. It is stated there are few if any cities in the Ohio valley that is handicapped to the degree that East Liverpool finds itself. With but one railroad, the shippers of freight are completely at the mercy of that corporation in the dry season. For this reason and many others it is absolutely necessary, for East Liverpool to have representation at the convention.

Mr. Wallace states it is the purpose of the leaders in the move to adopt plans at the meeting which will result in the raising of funds with which to carry on the work. It is also proposed to select a committee of able men, whose duty it will be to spend a great portion of their time at Washington in the interest of the appropriations asked. They are to be there when any matter of interest to the Ohio river men comes before congress. In this manner and through the congressmen who attend the conventions, the ideas of all practical men can be laid before the national body.

Captain Craighill, of Wheeling, states the plans ought to be changed. It is his belief that one contractor should be employed on each of the dams, instead of sub-letting the several departments of the work. He thinks in this way the contractor could be made responsible for the entire job, thus avoiding threatened litigation and unnecessary delay. Should this latter plan be adopted it is Capt. Craighill's opinion the whole system can be completed within five years, and at a cost of \$25,000,000.

Undoubtedly East Liverpool should send a delegation to the Parkersburg convention as it can scarcely be realized by any one not familiar with every phase of the question just what it means to the residents of this community.

Why He Changed His Mind.

"I tell you, sir, civil service is a great thing. The man addressed looked astonished.

"Coming from any one but you, that remark would not greatly surprise me," he said. "You didn't think so when I last saw you."

"No, I didn't."

"You considered civil service little short of a civic curse."

"That's right. But then I was on the outside and trying to get in, while now I am on the inside and trying to stay in. It makes a great difference."

LOST HIS POSITION BECAUSE HE PRAYED TOO LOUD AND LONG

(Continued from First Page.)

"The employees objected to his loud praying, as did also many people living in this vicinity. He not only worried us all by his prayers and pleadings, but insisted upon tacking placards over our work benches with inscriptions such as these upon them: 'Where will you spend eternity?' 'Are you a Christian?' 'Have you given yourself to Christ?' 'Is God in your heart?'"

"Devoting his time to this and his many other peculiar actions he was really not able to attend to his duties. When ordered to count out a certain number of knobs or any other articles that we ship he would invariably make a miscount, and that is another reason that I discharged him. I can not afford to have a man in my employ that throws me liable to the firm. I positively believe that the boy is upon the verge of insanity. I told him so, but he thinks not."

Gilliland came to this city in June of the present year from Syracuse, Meigs county, O. He graduated from Carleton college of that town last spring and his mission here is to earn sufficient money to enable him to enter a college that will prepare him for the ministry. Since his early boyhood years he has been a devout Christian and a prominent member of the Methodist church. He is particularly bright and is an excellent student of the Bible. His prayers have always been marked with expressiveness and oratory. His mother is dead and his father a poor circuit preacher. For years the boy has been solely dependent upon others than his relatives for a living. He worked his way through school, working morning and evenings, and carried off the honors at his graduation.

and before the bar associations. My attitude and my actions in this matter have cost me considerable in the practice of my profession, as I do not count many corporations among my clients because of my antagonism to their conduct. All my life have I been on the side of the men who work.

"I have heard it said that I was presented a set of resolutions passed by the Central Labor Union of Alliance at the time of my nomination at Salem and that I had refused to give them any consideration or reply to any inquiry. Such is not a fact. No resolutions of any kind were presented me at Salem. When I returned from my summer vacation, about a week ago, I found among my accumulated mail a set of resolutions purporting to have been passed by the Central Labor Union of Alliance on Aug. 8. This was after the nomination of Mr. Duffy, and I was informed that those resolutions and the ones constituting the platform adopted by the convention which nominated Mr. Duffy were not the same. I have waited, thinking perhaps that the platform would have to be discussed in the campaign and under the belief that my attitude was clearly understood.

"I received a letter from Mr. Bonsall, of Salem, asking an expression regarding my attitude as concerned organized labor and I wrote in reply that I had often expressed myself on the question, had been reported and recorded in the public press and that it was open for any man to read.

"I am surprised that at this time and under existing conditions organized labor should see fit to rebel against the Republican party. An evolution is in progress in politics which must and will result in the betterment of labor and it is going to be worked out through and by the Republican party. The Republican party stands with President Roosevelt and there is no mistaking his utterances and attitude toward organized labor. It should be enough to command the support of every member of labor unions for the Republican candidates.

"I am confident that there is not going to be any great political upheaval to destroy the present prosperity of the people. I am confident that the Republicans will win in the state and district, and I am confident that I will be elected."

BROKE HIS LEG

A Fall On the Horn Switch Results
Seriously For John Demmerling.

While crossing the Horn Switch last night at 10 o'clock, John Demmerling stumbled on the rough plank and fell, breaking his right leg above the ankle. He was taken to his home on Bradshaw avenue, and medical aid summoned.

The fracture was reduced, and the injured man is feeling much better today. He suffered a great deal of pain during the night.

WELLSVILLE

PAVING BRICK
MUCH DEBATED

Wellsville Council Is Not Yet Done
With the Troublesome
Question.

LEFT TO CITY ENGINEER

Petitions for Various Street Improvements Presented And Acted Upon.
City May Lose Stilt Works if It
Fails to Act—Lively Session.

One of the most interesting and important meetings that the new council has yet held was that of last evening. The hottest issue was the brick question, which has been creating quite a stir among the city officials ever since Street Inspector Dolphin condemned certain brick on the Fourth street paving job.

Captain John Porter, of Congo, whose brick were condemned, came before council and made the following statement: "We will give a guarantee of 5 years on all our brick, and will give a bond of \$5,000, an amount which is twice the value of the brick which I have laid in the city, that has not been laid."

The special committee appointed at the last meeting of council to make a public test of the Wellsville brick and Porter brick reported that no test was made as Councilman Whitacre, who is chairman of the committee, was not present.

Here Contractor Freshwater took the floor and requested council to take immediate action on the brick matter. Work could not proceed until it was decided. Councilman Brennan asked Freshwater if he had not been trying to get Contractor Rinehart to do the Liverpool street paving job. Freshwater said that Brennan's question had nothing to do with the matter being discussed, but admitted that he had talked with Rinehart to this end. This satisfied council that Freshwater was unable to complete his contracts within the specified time. Captain Porter said he had been having more trouble with the city officials here than any other city in the state where he has been selling brick.

Councilman Weaver moved that the matter be left in the hands of City Engineer Leath, according to the terms of the contract existing between the city and Contractor Freshwater. The matter was passed, but was voted against by Councilmen Whitacre and McCormick.

A petition was granted which asked that the paving of sidewalks on Kelly avenue be set 6 feet instead of 8 feet because of the many trees planted along the street.

A petition was granted to widen Coal alley from a point at the western line of lot No. 6 in the Jones addition, westward to Twelfth street. The alley is now only 8 feet wide while the recorded plat calls for 10 feet.

A petition signed by several very prominent citizens requesting council to appoint some one to represent the city at the coming trial of the ferry case, was read by the city clerk. The petition was granted and Mayor Fogo and City Solicitor Boyd were selected. Several protests were heard against assessments made by the board of equalization for street improvements. The protests were received and filed.

Attorney W. F. Lones, in behalf of Burgess & Co., of East Liverpool, who are about to start a stilt works in the old soap factory, stated that unless council had a certain amount of paving work done on streets around the property, the city will likely lose the works, as the company has been thinking some of locating in Smith's Ferry. A motion, that it is the aim of the council to do the necessary paving was passed. People residing on the upper end of Fourteenth street will lay sidewalks in front of their property. The city engineer will give a grade and the street commissioner do the work. A similar motion was passed for Highland avenue residents who want the grade raised.

Favorable action was taken to provide fire plugs on Steubenville street, and other streets back of the town. A motion passed that the water works trustees repair all streets they had torn up. The East Liverpool Railway company will be notified that it will have to set their tracks on Liverpool street in the center of the road.

The contract for the paving of Spring Hill avenue was let to Rinehart Bros; cost about \$8,000, of which \$5,000 will be taken from a surplus cemetery fund.

An ordinance was passed making it illegal for anyone to carry concealed weapons. The limit of fine was set at \$50 and costs.

Resolutions were passed calling for the paving of Third street from Lisbon street to Hill street.

City Solicitor Boyd made a report on the new code bill and stated that by the time it has been entirely prepared for passage it will be highly satisfactory to this city. The solicitor was instructed to take charge of the case of the heirs of Wm. Wells' estate against the city to recover the city building, which they claim.

Contractor Freshwater was instructed to proceed with the paving on Maple alley between Third and Fourth streets.

THE FERRY BOAT CASE

Captain John Porter May Stop the
Emily From Running.

Captain John Porter, of Congo, who is vitally interested in the brick controversy which is much talked of in the city stated last evening that he had been present at every trial relative to the ferry case and that he had been instrumental in the maintenance of the Emily, the ferry boat plying between this city and Congo, and if the Wellsville council were going to throw him down on the brick question he would cause trouble with the ferry. This morning he is said to have stated to several citizens in this city that he would stop the ferry as soon as he possibly could and would join hands with certain Congo people in knocking against it.

Mr. Porter is familiar with the fact that City Civil Engineer Leith, with whom the brick matter was left by council, has made a private test of both the Porter and the Wellsville brick and has found the latter brick superior in quality. A lively debate is anticipated in the city civil engineer's office when Mr. Porter puts in his appearance there.

Truant Officer Pease Compels a Parent to Obey the Law.

Mrs. Henderson, who resides on Main street, between Ninth and Tenth, now that she has learned the law on the subject, has sent her son and daughter to school. This is one of the many families that has caused Truant Officer Pease much trouble since school commenced. He thinks that if a few more people would read up the law and learn that they are liable to a fine if they persist in keeping their children out of school, the truant officer would have much less trouble and in the end would prove better for all parties concerned.

Mayor Fogo toward filling out the present crippled police force and it would be hard to surmise just what he will do in the matter. The suspended officers are still in the city and have hopes that they will be reinstated. Something ought to be done soon, as the city does not have sufficient police protection. There are at present only four officers on the force and it is out of the question for them to remain on duty both day and night.

Friends Helped Him Out.

George Rutledge, who on last Saturday evening did Chief of Police Thorn personal injury by throwing a stone at him and who on Sunday was fined \$50 and costs by the mayor, was released from custody last evening, his relatives having raised enough money to pay his fine, the costs of which were \$5.29.

ROAD IMPROVEMENT

ST. CLAIR TOWNSHIP CITIZENS
MOVING TO GET IT.

A Petition in Circulation Looking Toward Another Vote on the Question.

It is practically assured that Calcutta road will be improved, so far as the residents of St. Clair township are concerned. Some time ago the announcement was made that D. J. Smith, of St. Clair township, was circulating a petition for the purpose of securing signatures, asking for improvement of certain road or roads in the township. The petition now contains 78 names, at least it did at noon, and will have more before it is presented to the county commissioners.

It will require about \$16,000 to complete this improvement, and it will require a majority vote of the taxpayers of the township at the coming general election to decide whether the bonds shall be issued. At present matters are progressing most favorably, and it is the general opinion of those living in the township that the vote on the bond issue will be favorable. The bond election will be held at the November election.

PRIVATE SCHOOL

Which Is to Be Established at Thompson Park Will Open Early Next Month.

The private school which will be established by a number of families residing north of Thompson park will be opened about the first of the month. This was announced last evening by one of the persons who is interested in having the school established. It is now thought that more children will attend the school than was first thought, and every thing will be done to make the venture a success.

The cost of tuition has not yet been determined, but this matter will be settled at a meeting of the mothers, to be held the latter part of the week.

CRUSHING DEFEAT FOR THE Y. M. C. A.

Jamestown Had Things Pretty Much Its Own Way in Yesterday's Game.

MANY EXCELLENT PLAYS

Were Made By the Visitors, And the Locals Sprang a Few Surprises. Several of the East Liverpool Team in the Lineup.

It was an awful defeat. They simply walked away with the game. At no stage did the Y. M. C. A. have a particle of show. The Jamestown aggregation beat them at every point. Before the inning was finished the grand stand, which was pretty well filled at the start of the game, was deserted by the disgusted fans. They walked from the park declaring that it was a farce if there ever was one.

However, those present acted very discourteously. They certainly got their money's worth from the game put up by the visitors. Combination plays were very common occurrences with them. Doubles and triples they gleamed satisfaction in making. Of the whole bunch but one man displayed inefficiency. He was their raw-boned twirler. But he had such excellent support that it made no difference how he delivered them.

What the locals would have done had it not been for several of Manager Walsh's men is hard to state. Tommy Davis at first; Fred Heckathorn at third; and Harker, an ex-player of the East Liverpool team, made a real nice showing. They played just the same as if they were in West End park.

McNicol at second spent most of his time in running from the balls or at least not in an attempt to intercept them. He did, however, get a couple and at one time sprang a great surprise. He really did get a hit. Well, it was counted a hit, but the ordinary player would have stopped dead still and allowed himself to be called out in preference to running.

Billy McNutt, one of the greatest fielders of the age, had but one opportunity to display his worth. He accepted it and would likely have got a dozen had they gone into his territory. Just why he stood like a sphinx when a little fly landed at his feet will never be known. He acted like one hypnotized. Billy is all right and is indeed a comer.

There was one home run knocked. Joe Carey was responsible for it. It was due to that terrific run that he adopts when chasing a ball. This time McKinley landed one in shallow left field. Joe was playing deep and made a great attempt to place his mitts on the ball. He fell just as he reached madly into the air. The result was that before he recovered the ball had covered sufficient ground to let McKinley walk over the plate an easy winner.

Himey Davis undoubtedly played a hard game. And he has them all skinned a mile when it comes to get-

ting a man at first. Some way or other though he cannot cut out that fault of dropping a few.

Rising, one of East Liverpool's graduates, who played with them only last year, but who has played this season with New London, Conn., was in the game for the visitors. He played in center field. He will be in the game today and will also be one of the lineup that tackles the Washingtons next month.

The visitors made the most of their runs in the first three innings. Seven hits were made in the three, and five runs. The locals accumulated eight hits during the entire performance and one run. That they got in the sixth.

A Worthy Institution.

The Ohio Valley Business College of our own city, is being appreciated by the people of this vicinity as is evidenced by the largely increased attendance and the recognition given it by the business men of this city and elsewhere who are daily applying to the school for office help. This school has grown on merit alone. It has recently opened a new term with more than eight times the enrollment of only three years ago. Its graduates are being sought after eagerly and it cannot supply the demand. The training given is so arranged that students may enter at any time.

HOME AFFAIRS.

Brief Notes of a Personal Nature and of Matters About Town.

Married Last Night—Albert J. Cash and Emma F. Skinnell, both of this city, were married last evening by Rev. Dr. Clark Crawford at the M. E. parsonage. They will go to housekeeping in this city.

Condition Critical—Physicians attending Sherman Money Penny, of Second street, who has been suffering with hemorrhages for several days, have, it is said, given up all hopes of his ultimate recovery. His condition today is quite low.

Finance Committee Meeting—Clerk Willis Davidson this morning mailed notices to the members of the finance committee of council that a meeting will be held at city hall tonight. No details are given, but as President Nice is chairman of the committee it is probable he will be present and explain the purpose for which the meeting was called.

Old Fashioned Picnic—A number of members of the Woman's Relief Corps left this morning for the home of Mr. and Mrs. Frank E. Conkle, on the Moore farm, near the Bell school house, where they spent the day attending a basket picnic and an old fashioned corn roasting. The corn was roasted in the husks, just as the soldiers in the civil war cooked it. It required several hacks to take the ladies to the country.

TEACHERS' MEETING

University Extension, the Reading Circle And Other Matters Discussed.

Prof. R. E. Rayman held a very interesting and helpful meeting of all the teachers in the corps yesterday afternoon. Prof. Rayman opened the meeting by reading the twenty-fourth Psalm, followed by a prayer. He then talked with the teachers concerning reports, written and oral work in their schools, as well as the assignment of work.

After he had presented many helpful suggestions in the form of a systematic outline, and encouraged his corps of teachers to ever keep their work systematically prepared ahead, he talked upon university extension work.

The superintendent stated that the first of the series of lectures in the university extension work would be delivered on the evening of October 8. The meeting then adjourned after some interesting remarks concerning the teachers' reading circle.

Lots of 'em today. Nice, big, delicious ones, by the bushel. Order by telephone. We will deliver them.

union between the Democratic party and the Labor party.

Referring to the Labor convention he said the delegates were honest in their motives and sincere in their actions, although they had been indiscreet. He stated that inasmuch as the Democratic party had always stood for organized labor that labor should have consulted Democracy before making a nomination. He urged a uniting of the Labor and Democratic parties.

Temporary organization was effected by the hearing of reports from the various counties represented. At 12:15 the convention adjourned until 1:30 without accomplishing much business.

At 12 o'clock it looked as if the convention would nominate a Democrat for congress other than Thomas J. Duffy, of East Liverpool.

Columbiana county had 30 delegates present at the caucus which was held in the parlors of the Chase House. Salem is represented by 15, East Liverpool by 5, and the scattering townships take up the other 10. The late arrival of the Salem delegates delayed the work of the convention.

There were some warm speeches made at the caucus, before the following organization was effected: W. J. Foley, of East Palestine, chairman; M. E. Miskall, of East Liverpool, secretary; Bert Renkenberger, of Columbiana, member of committee on permanent organization; M. E. Miskall, of East Liverpool, on credentials; E. P. Spiedell, of Hanoverton, rules and order of business; O. C. Juergens, of Salem, resolutions.

The names of P. S. Arnold, Leetonia; J. J. Weisand, East Liverpool; and D. D. Kirby, of Salem, were voted upon for congressional committeemen, two to elect, and Arnold and Weisand were chosen.

There was a lengthy discussion when a motion was made in the caucus to pledge the support of the Columbiana county delegation to the nomination of T. J. Duffy. The motion was amended to make it an endorsement and this amendment was later amended declaring it to be the sense of the delegation that a Democrat be nominated for congress. Speeches were made all around on this matter, the Salem and East Liverpool delegates taking an active part. Finally the amendment that the delegation stand as a unit for the nomination of a Democrat carried by a vote of 20 to 7.

Speeches made in the caucus on the motion indicated that the Columbiana delegation was strongly in favor of nominating a Democrat other than Duffy, as he could not accept the Democratic nomination, having already pledged himself on the labor platform.

OFFICERS SEEK

FOR GEO. MAYES

(Continued from First Page.)

ing given he told 'Squire McCarron, before whom the warrants were issued, to get the officers of the city on the search for Mayes. It being generally believed that Mayes is not far distant. The prosecutor's order was made in the hope that by the combined efforts of the full complement of city officers that the man may be apprehended.

If Mayes is arrested and taken before the grand jury, it is thought that he can offer some evidence that will assist materially in the conviction of McIntosh. All of the witnesses who will appear to testify in Mayes' case will also be questioned as to the cutting.

The prosecutor states that if McIntosh is at large after the testimony of witnesses is heard he will have identification cards printed and distributed in every county in the state and hopes by that means to finally land McIntosh.

He Left Them.

On the afternoon of Winslow's departure for Denver he was paying his bill, when he called Willie, hanging fascinatingly near.

"I want you," he said slowly, glaring into the boy's eyes, "to go upstairs and see if I left my toothbrush and comb in my room. Toothbrush and comb, toothbrush, toothbrush, toothbrush! Don't forget what I want, boy, and hurry, too. Got to get my train."

"N-no, sir; y-yes, sir," chattered Willie.

Winslow hung about impatiently, watching the clock like a hawk. Only two minutes to spare. Just as he caught up his bag to depart Willie came on a dead run across the floor, his face aglow with the sense of a lofty mission well performed.

"Yes, sir," he cried eagerly, "you left 'em!"

Winslow gazed at his empty handed emissary. His lips moved, but no words came forth. Then, with an inarticulate snarl, he stepped into the waiting carriage.—Kansas City Journal.
